

RUSS ON OFFENSIVE ALONG WHOLE FRONT

PETROGRAD CLAIMS ADVANCES ARE PROCEEDING WITH SUCCESS

Austrians Report They Have Repulsed Attacks in Beskid Mountains—Five More Vessels are Sunk by German Submarine.

London, April 2.—(10:05 p. m.)—The Russians now are on the offensive along the whole of their front, from the Baltic Sea to the Roumanian border and in the Caucasus and, according to a Stockholm despatch, they have concentrated an enormous number of soldiers on the coast of Finland to prevent any attempt by Germans to land there.

Petrograd Claims Success.
All the Russian advances, according to Petrograd advices, are proceeding with success. The Russian official report issued tonight makes the claim that the Germans in north Poland are being pushed back to the east Prussian border and that in the Carpathians between the Luppow and Uzog Passes the Russians have captured still another strongly fortified ridge, overcoming, in doing so, almost insurmountable difficulties such as the scaling of steep ice-covered hills and penetrating cleverly arranged barbed wire and timber obstructions. The Russians also have taken the offensive against the German forces in the region of Kozlowka, near the Ussok Pass, which long has been launching attacks against the Russian position. In that district a large number of prisoners is reported to have been captured.

Claim to Have Stopped Russ.
Against these reports of Russian success the Austrians make the claim that they have repulsed all the Russian attacks in the Beskid range of mountains, farther east. The Russians declare they have successfully countered an Austrian raid into Bessarabia near Chotin. Their reports say that units of the forty-second Honved division of the Austrian army which undertook this diversion were virtually annihilated and that over 2,000 of the survivors were captured.

It is declared that the Turks have now been entirely cleared out of Trans-Caucasia and that the Russians hold the Turkish Black Sea coast as far as Arkhake.

Battles are of Scattered Nature.
On the western front the battles are of a scattered nature. Beyond artillery engagements the only fighting that has taken place is in the forest of LePrete, west of Pont-a-Mousson, where the French are trying to reach the Metz leading from St. Mihiel to Metz and to the south of Peronne, where the French also are on the offensive.

During the last twenty-four hours news has been received in London of the sinking of the British Steamer Eston (formerly the South Point), the Norwegian bark Nor and three British trawlers by German submarines and of the Dutch Steamer Schieland, presumably by a mine. Seven sailors of the Schieland are missing.

Protest Creates Interest.
The sinking of the trawlers it is alleged here is a violation of the Hague convention of 1907, which expressly exempts fishing vessels from molestation. In connection with the submarine warfare the German protest made through the United States against the refusal of Great Britain to recognize the captured crews of submarines engaged in attacks on merchant ships as prisoners of war and the British foreign secretary's reply thereto, are creating a lot of interest in London. The British reply declared that while over a thousand sailors belonging to warships destroyed by British men of war had been rescued by the victors not a single British sailor had been picked up by the Germans when they were successful.

JURGENSEN OPPOSES PLEA OF OF RAILROADS FOR RATE INCREASE

CHICAGO, April 2.—Delbert J. Jurgensen, chief engineer of the Minnesota railroad and warehouse commission, gave at the interstate commerce commission hearing of the western freight rate case today his opinion concerning a basis for the reasonableness of rates. He appeared in opposition to the forty-one western railroads' plea that they be permitted to increase rates on certain commodities which the railroads say are necessary to yield them a fair income on their investments. Mr. Jurgensen quoted the appraisals of the roads involved in Minnesota, Wisconsin, Nebraska, South Dakota and part of Michigan and said the capitalization exceeded the present and book value of the properties. He contended that therefore the reasonableness of rates should not be computed upon a basis of the outstanding stocks and bonds.

EXTEND TIME LIMIT.
Chicago, April 2.—The last word on behalf of the opposing sides in the arbitration of the demands of engineers and firemen of western railroads for higher rates of pay was spoken here this afternoon when Warren S. Stone, head of the Brotherhood of Locomotive Engineers concluded his oral argument. A stipulation was entered into by which the time limit for the handing down of an award was extended from April 20 to April 30th.

CROSS-EXAMINATION FAILS TO SHAKE CARBONE'S STORY

Witness Accuses the Police of Beating Him in Order to Make Him Confess.

New York, April 2.—Cross-examination of Carmine Carbone at his trial with Frank Abarno on the charge of attempting to explode bombs in St. Patrick's Cathedral failed today to shake the story that his participation in the alleged plot had been instigated by Police Detective Polignani for the purpose of framing him up.

Carbone denied strongly that he had anything to do with mixing the ingredients of the bombs, accused the detective of having manufactured them and swore that he was induced by him to go to the Cathedral. The witness accused the police of beating him in order to make him confess. He denied knowing anything about the anarchistic literature said to have been found in his possession. He said Polignani had purchased such literature for him but he had not read it. Some of it was in English which he couldn't read, he said. Abarno also took the stand in his own defense and told a similar story. Polignani had taken him along Fifth avenue, he said, pointed out the homes of John D. Rockefeller, Andrew Carnegie and other wealthy men and urged violence against them as well as a raid upon jewelry stores and banks.

FIGHT FOLLOWERS ARRIVE IN HAVANA ON EVERY STEAMER

HAVANA, April 2.—Jack Johnson and Jess Willard trained today between heavy downpours of rain for their championship fight on Monday. The storm and a high wind made the task unpleasant. The road work in the early morning was light, owing to the wet and slippery roads. Their exercise at the afternoon exhibitions was of a harder nature, particularly in the case of Willard.

The American fight followers are arriving on every steamer. The Key West boat which arrived late today, having been delayed by the storm, had 250 fight fans on board. The steamers are making special trips as fast as they can cover the route.

The hotel headquarters for Americans report that all reservations have been booked. Referee Walsh cabled tonight that he had been unable to get passage across and that he had chartered a special steamer which was due late tonight.

WILL ASK SEPARATE TRIALS FOR DEPUTIES CHARGED WITH KILLING

NEW BRUNSWICK, N. J., April 2.—It was announced here today that Prosecutor W. E. Florance will tomorrow make application before Justice Bergen at Elizabeth for separate trials for the twenty-five deputies charged with homicide as a result of the killing of six strikers and the wounding of sixteen others at the Roosevelt Fertilizer plants last January. At the same time, it was stated, Attorney General Westcott will make application to have a jury from another county try the case on the ground that a fair and impartial trial cannot be secured from a jury chosen in Middlesex county.

DUTCH STEAMER SCHIELAND IS BLOWN UP IN NORTH SEA

HULL, England, April 2.—(9:30 p. m.)—The Dutch steamer Schieland was blown up yesterday morning in the North Sea at a point 24 miles from Spurn, on the east coast of England at the entrance to the Humber. One man of the vessel's crew was killed.

The captain and seven other members of the crew were brought to Hull. Another boat with seven sailors from the Schieland reached Loughborough tonight, after having been missing for a number of hours.

STANLEY BEGINS ARGUMENT TO IST. BAPTIST BROTHERHOOD

Indianapolis, April 2.—A. O. Stanley, former congressman, who is representing Mayor Donn M. Roberts and the majority of the 28 Terre Haute men on trial in the federal court here on charges of election frauds, began the closing argument for the defense late today. He will speak four hours tomorrow after which District Attorney Bailey will begin an eight hour argument for the government.

"SUNRISE AND FLOWERS."
"The Land of Sunrise and Flowers" Monday and "Oberammergau Passion Play" Tuesday evening. Central Christian church, 15c. Both lectures 25c.

NAME DUNCAN FOR JUDGE.
Murphysboro, Ill., April 2.—Warren W. Duncan of Marion was nominated for supreme judge at the Republican judicial convention here today. The nomination was made on the eighty-third ballot, the other two candidates withdrawing.

DUNNE REFUSES CLEMENCY.
Springfield, Ill., April 2.—Governor Dunne today refused to grant executive clemency to Edward S. Gard, a former Chicago policeman, under six months sentence for contempt of court. Gard appealed to the supreme court which affirmed the judgment of the lower court.

Chico J. Rhea, a student at University of Illinois, is at home for his Easter vacation.

WOULD HAVE GOVERNOR O. K. APPROPRIATIONS

M'CORMICK AND PROVINE TO PRE- SENT BILL COVERING SUBJECT

Lawmakers Find That Value of Budget System is Limited—M'Cormick Prepares to Investigate Payrolls of Several State Departments.

Springfield, Ill., April 2.—The assembly is to be asked to enact legislation requiring the governor to make biennial recommendations to the general assembly relative to appropriations to be made for the various departments of state government. Representatives Medill M'Cormick and Walter M. Provine are at work on the proposition and will present a bill covering the subject probably next week.

Value of Budget Limited.
Under the system inaugurated with the creation two years ago of the legislative reference bureau, a budget of requests by the various state departments was prepared and presented to the present assembly. The lawmakers find, however, that the value of the budget is limited, for the reason that they have no way of determining what requests are justified and what should be trimmed down or cut entirely.

Estimates of the needs of the various departments exceed by seven million dollars the appropriations of two years ago for the same departments. In presenting the budget to the attention of the members, Governor Dunne called attention to the fact that the budget figures represented the requests of the departments and not his recommendations. It is figured by Messrs. M'Cormick and Provine that with the governor's recommendation regarding these requests the legislators can proceed with their work much more intelligently than under the present system.

Proposed Plan is Feasible.
Attorney General Lucey has given the appropriations committee an opinion to the effect that the plan proposed for the consolidation of appropriation bills is feasible. As a result two attorneys of the appropriation committee are at work upon a clause covering the method of disbursement of department funds so that the proposed omnibus appropriation bills may be drafted.

To Investigate Payrolls.
Mr. M'Cormick also is preparing to make an investigation into the payrolls of several state departments. It is said that the payrolls of several officers have grown at an astounding rate, salaries have been increased and additional clerks provided at a ratio apparently greatly exceeding the growth of the business of such departments. It is Mr. M'Cormick's idea that considerable trimming can be done in this direction without interfering with efficiency. It was announced today that beginning two weeks from today the roll will be called in the house every Friday morning. This is to make a record of those present and the absentees.

PROMISE FAIR SKIES AND WARM SPRING FOR EASTER SUNDAY

WASHINGTON, D. C., April 2.—Fair skies and a warm spring sun were promised for Easter Sunday in nearly all sections east of the Rocky Mountains in tonight's weather forecast. The only exceptions were along the New England and New York coast, where dwindling rains and blustering winds now hurrying northward from Hatteras, probably will threaten any display of Easter finery early in the day. Hope for a pleasant afternoon was held out however, in a promise of "clearing" conditions after the rain.

TRY CLAUS' 25c Coffee.

REV. W. E. SPOONTS SPEAKS TO IST. BAPTIST BROTHERHOOD

"Local Patriotism" was the subject of a pointed discourse last evening by the Rev. Walter E. Spoonst, pastor of Northminster Presbyterian church, speaking to a supper in the church entertainment hall. The supper was served by members of the Young Ladies' Aid society. After the address the Short family of Murrayville, gave an excellent entertainment of readings, dialogues and musical numbers. They came as guests of C. H. Story, president of the Brotherhood.

"My ballot is an index to what I am," said the speaker in referring to the duties of a citizen. "Whatever is detrimental to morals, whatever tends to hinder the development of any man in any way—physically, mentally or morally—should be cast out by the community. Society has a right to protect its members against injurious forces—men or measures alike. The citizen who slights his duties at the polls, who does not employ his ballot in support of men alive to the needs, duties and dangers of the municipality is traitor to the cause of right and justice and unfaithful to the best ideal within him."

VIOLET WILL LECTURE.

Hear Rev. E. E. Violet, world traveler and famous evangelist, at Christian church Monday and Tuesday nights. Japan and the Passion Play, 25 cents, two lectures.

War News Summarized

If the officers and crew of the German submarines held prisoners in Great Britain are accorded treatment in any respect worse than that of any other prisoners of war, for each prisoner so treated a British army officer held prisoner in Germany "will receive corresponding harsher treatment."

This is Germany's threat of reprisal against Great Britain's reported intention to hold until after the war, for possible trial for murder, the captured officers and crews of German submarines caught sinking British or neutral vessels of commerce. The German threat, conveyed to the British foreign office by the American ambassador, brought the reply from the British foreign secretary that the prisoners of the German submarines are being held in camps separate from the ordinary war prisoners as they had been "engaged in sinking British and neutral merchant ships and only killing non-combatants."

Battles of considerable proportions are proceeding in northern Poland and the Carpathians, but on the western front little is going on except artillery duels and infantry attacks similar to those which have been proceeding at various points for some time past.

Strong Russian forces are attacking the Austrians in the Carpathians and according to Petrograd the Muscovites, despite almost insurmountable barriers, continue their progress, taking enemy positions and capturing considerable numbers of officers and men.

Viennois in turn reports repulses of the Russians at various places. In the north Petrograd asserts that along the battle front on the Niemen the Germans have driven back toward the east Prussian frontiers with heavy losses.

French airmen have dropped thirty-three bombs on German barracks and aeroplane hangars and the railway station at Vigneulle, in the department of the Meuse, doing considerable damage, according to Paris. The aviators returned safely despite a vigorous cannonade by the Germans, some of whose shells struck the air craft. The Dutch Steamer Schieland has been blown up in the North Sea, supposedly by a mine. One man of the crew of sixteen is said to have been killed.

AERO CLUB PLANS NATIONAL AEROPLANE COMPETITION

Announcement Says More Than \$50,000 May be Offered as Prizes.

[New York, April 2.—A national aeroplane competition to begin on July 4th and end on October 4th, is planned by the Aero club of America with the co-operation of twenty-five affiliated aero clubs, it was announced here tonight. Besides demonstrating the practicability of using aeroplanes for general purposes it was asserted that aim is to assist the army and navy in developing aviation corps for the national guard and the naval militia and to demonstrate, for the postoffice department, the feasibility of using the aeroplane to carry mail to isolated places in quicker time than is now done.

More than \$50,000 may be offered as prizes, the announcement says.

ENGINEER DIES AT THROTTLE; EXPRESS RUNS WILD FOR MILE

NEW YORK, April 2.—With the engineer dead at his post, the Knickerbocker Express, bound from Boston to New York on the New York, New Haven & Hartford railroad, ran wild for nearly a mile just outside this city tonight. The train was brought in by the fireman who jumped to the throttle as the body of the engineer fell into the cab. The engineer, Charles A. BeConville, aged 48, a veteran in the New Haven's service, had leaned out of the electric locomotive after passing Woodlawn when another passenger engine struck and killed him instantly.

MAKING GARDEN? Buy Your Garden Tools at Gay's Reliable Hardware.

IS READY TO GIVE ROCKFORD BASEBALL.

Rockford, Ill., April 2.—President Parsons of the new Ill.-State League said tonight he was ready to give Rockford baseball whether it wants it or not. He is looking for a site for a park in spite of the appeal of the Rockford baseball association from Secretary Farrell's decision that the Three Eye League cannot enter this territory.

ARREST ALLEGED FORGER.

Ottumwa, Iowa, April 2.—G. E. Bower, charged with passing two forged vouchers for \$900 each on the Fairfield National and the First National Bank of Fairfield, Iowa, was arrested at a hotel here today. His grip contained \$2,684 in currency.

Mrs. Alice Wyatt has returned from a visit with her father, B. F. Harmon of Sinnersville, W. Va.

PANAMA RIOT RESULTS IN SOLDIER'S DEATH

GENERAL FIGHT FOLLOWS SHOOTING —THREE OTHER SOLDIERS INJURED

Trouble is Outgrowth of Argument Between a Soldier and a Panama Policeman—Soldiers and Civilians are Unarmed—Many Shots are Fired by Police.

Colon, April 2s.—Corporal Langdon, of the United States coast artillery, was shot and killed and three other American soldiers were injured, one of them seriously in a riot here today. The soldiers were engaged in patrol duty in the ten-dorlon district. The shooting, which resulted in a general fight, was the outgrowth of an argument between a soldier who is alleged to have been drinking and a Panama policeman.

Many shots were fired by the Panama police, the civilians and soldiers all being unarmed. Brigadier General Clarence R. Edwards, commander of the American forces in the canal zone who is here to meet Major General Leonard Wood, commander of the department of the east, tomorrow, immediately took charge and ordered all soldiers from the streets.

Making Thorough Investigation.
A thorough investigation is being made by both the military and the Panama authorities. None of the Panama policemen or civilians were injured. The policeman who shot Langdon was arrested by order of the military authorities and was confined in a guard house. It is said that none of the three soldiers injured is fatally hurt.

The shooting occurred near the ball grounds where a team representing the Fifth U. S. Infantry was playing the Cristolito nine. Some 2,000 soldiers of the fifth, tenth and twenty-ninth infantry regiments, who were witnessing the ball game, became greatly excited upon hearing the shooting. Some missiles were thrown and several persons were injured. The excitement continued until army officers arrived and ordered the men to take trains for their stations.

FILIPINOS ACCEPT CHALLENGE FOR INTERNATIONAL TRACK MEET

CHICAGO, April 2.—The challenge for an international track meet issued by the Chicago members of the Amateur Athletic Federation was accepted today by the organization in the Philippine Islands through the secretary, Elwood S. Brown. The Philippine Federation is the first to accept the challenge which was issued several months ago to federation organizations for a world wide meet, the athletes participating to remain in their own countries. The winner would be the team scoring the highest number of points in a selected number of events according to a new universal scoring chart which was issued recently.

TO LOWER DIVER AT SPOT WHERE F-4 IS BELIEVED TO LIE TODAY

HONOLULU, T. H., April 2.—In a final test in the harbor today of the diving tube which is expected to play a prominent part in further efforts to raise the stricken submarine F-4, Diver Agraz descended 200 feet. The test it was stated, proved entirely satisfactory and it was planned to take the apparatus outside the harbor tomorrow and lower Agraz at the spot where the F-4 is believed to lie nearly 300 feet below the surface. The tube is fitted with staunch plate glass ports through which Agraz, if successful, expects to obtain the first view of the F-4 since she disappeared with her crew of 21 on the morning of March 25th.

By means of a telephonic device with which the tube is equipped the diver would be enabled to direct the work of attaching cables to the hull.

TO HOLD EXAMINATION.

A civil service examination conducted by the local representatives of the civil service board, John Selbert, John Kearns and John Higler, will be held today in Room 10 at the high school building for clerks and carriers at the post office.

FREE LECTURE ON CHRISTIAN SCIENCE, GRAND OPERA HOUSE, 3 P. M., SUNDAY, APRIL 4.

Boston.—The appointment of Mrs. Robert S. Bradley, a prominent and wealthy Back Bay society woman, as the head of a "death to rats" committee, has been accepted by Mrs. Bradley, who announces she will rid this city of rodents. An official "Rat Day" will be announced, on which the battle will begin.

DISCUSS CALIFORNIA'S ALIEN EMPLOYMENT LEGISLATION

Bryan and British Ambassador Hold Conference at State Department.

Washington, April 2.—California's alien employment legislation and its effect upon English women school teachers in the state was the subject of a conference at the state department today between Secretary Bryan and Sir Cecil Spring-Rice, the British ambassador. Only four women teachers so far have been affected by the new law and the ambassador was informed that the California state authorities will, by either legislation or construction of the present law, exempt from its operation these women and others who were already employed before the enactment of the law.

The California authorities it was explained, hold that they have only followed the example of the Canadian government in this sort of legislation and the British embassy is trying to ascertain the effect of the Canadian regulations before pursuing the subject further.

FIND ATTENDANTS NOT GUILTY OF ASSAULTING TWO PATIENTS

CHICAGO, April 2.—Four attendants at the Chicago hospital for the insane were found not guilty tonight of having assaulted two insane patients, Michael Petrick and Michael Kozar. The trial was held in the administration building of the institution before a justice of the peace and the verdict was returned by a jury of six.

Charles Carney, O. A. Sidenor, Harry Richardson and Otto Pierce were the men on trial. Alfred K. Janette, another attendant, testified that he saw the four attendants an opportunity to see the team win o'clock Wednesday morning. Kozar testified that he was assaulted when he pleaded with the men not to harm Petrick.

CENTRAL ILLINOIS TEACHERS HOLD MEETING IN BLOOMINGTON

BLOOMINGTON, Ill., April 2.—More than 1,700 teachers had registered tonight for the annual convention of the Central Illinois Teachers' association, which began this morning at the state Normal University at Normal. This morning Hamilton Holt, editor of the New York Independent, spoke on "The peace movement and the schools."

This afternoon Booker T. Washington, of Tuskegee Institute, Tuskegee, Ala., told the teachers of his work among the negroes in the south.

At tonight's session, Dean Shaller Mathews, of the Chicago university divinity school spoke on "The school as a center of social idealism."

Hon. F. G. Blair, state superintendent of public instruction also spoke at the night meeting.

ATLANTIC FLEET WILL LEAVE TODAY FOR SPRING PRACTICE

WASHINGTON, April 2.—The Atlantic fleet will leave Guantanamo Cuba tomorrow for Tangier Sound for spring target practice. Secretary Daniels soon after the arrival of the warships in home waters will go to Hampton roads to arrange with Admiral Fletcher the details of the review to be held in New York, according to tentative plans, early in June. It is now expected that the ships will spend a week in the North River, New York, early in May going later to Newport for exercise in Narragansett Bay. After the review in New York the fleet will leave for the Panama-Pacific exposition via the Panama Canal probably passing through the waterway early in July.

Bicycles. Finest line ever brought to this city at Gay's Reliable Hardware.

TENER FAVORS CHAMPS PLAYING POST-SEASON SERIES AT FAIR

PHILADELPHIA, April 2.—John K. Tener, president of the National League, is in favor of giving baseball followers of the Pacific coast an opportunity to see the team winning the world's championship next fall in a post season series against an all-star team of the defeated league at the Panama-Pacific Exposition. Mr. Tener so expressed himself here today upon his return from the exposition where he participated in the dedication of the Pennsylvania building.

Don't fail to see the Big War Map in Brady Bros., show window made entirely of garden seed.

LIBRARY BOARD MEETS.

One hundred and twenty-one people, who heretofore have not been members of the library, were enrolled as borrowers last month, according to the report of Miss Barrette, the librarian, Friday afternoon in the April meeting of the library board. Circulation has shown an increase in all departments and the work at the branch continues gratifying. The board accepted the resignation of Miss Ruth McLaughlin, who after a term of faithful and efficient service, has gone to Chicago to take a place in the Chicago library system.

GEN. VILLA ANNOUNCES SURRENDER OF ROBLES

IS SAID TO HAVE TURNED OVER COM- MAND ON PROMISE OF AMNESTY.

Oregon Threatens Line of Communication of Villa-Zapata Forces by Occupying Queretaro—U. S. Will Not Demand an Apology.

Washington, April 2.—Despatches to the Carranza agency here stating that General Oregon was threatening the line of communication of the Villa-Zapata forces by occupying Queretaro and a message from General Jose Robles, secretary of war to General Eulalio Gutierrez, were the chief developments tonight in the military situation in Mexico. The defection of Robles, who was said to have turned over his command on promise of amnesty, which was granted, was accompanied by the flight to Davis, Texas, it was reported, of General Eugenio Aguirre Benavides, another Gutierrez cabinet officer.

Secretary Bryan announced formally that the plan for the declaration of Mexico City as a neutral area, within which no faction was to engage in military operations was under consideration, but said he had no statement to make as to the progress of the negotiations. He added that the plan for the neutralization of the railroad from Mexico City to Vera Cruz had been taken up as a separate proposition.

Will Not Demand Apology.
Inasmuch as the desecration of the American flag flying above the home of John B. McManus, an American citizen murdered in Mexico City, was the act of lawless persons acting without authority the United States government decided today to make no demand for an apology. Secretary Bryan announced that the incident was closed with the receipt today of a despatch from the Brazilian minister in Mexico City. "The Brazilian minister," said Mr. Bryan, "did not think the facts in the case showed any attempt on the part of any officers or authorities to desecrate the flag and he did not therefore regard it as a case where an apology had been asked."

Officials pointed out later that the attitude was in accord with the policy of the United States in dealing with such cases in the past. The payment of the \$20,000 indemnity to the widow of McManus and the general expression of regret by the Villa-Zapata authorities are held to be sufficient reparation in the circumstances. Secretary Bryan today conveyed to the Brazilian minister the appreciation of the United States for his efficient handling of the McManus case.

Funston May Leave Brownsville.
Brownsville, Texas, April 2.—General Jose Rodriguez, commanding the Villa troops investing Matamoros at his headquarters today said he has three batteries of 75 to 80 millimeter field guns enroute for use against the Matamoros trenches. He refused to predict when these guns will arrive.

Major General Frederick Funston, U. S. A., who has been watching the situation here said tonight he may return to San Antonio tomorrow provided the situation across the river still is unchanged.

He said he would leave three batteries of third field artillery here and be ready to return himself on short notice if necessary.

ASSERTS AUSTRIAN EMPEROR IS TRYING FOR SEPARATE PEACE

PETROGRAD, April 2.—via London, April 3.—(3:45 a. m.)—The Ruskly Slovoe returns today to the subject of the alleged Austrian peace overtures. The newspaper asserts that the Austrian emperor appealed through the pope to Berlin with a view to overcoming Emperor William's "obstinate desire" to continue the war, but that this effort failed and that he is now trying through the same medium in Petrograd to secure a separate peace, offering to surrender Bosnia, Herzegovina and Galicia.

FOUND GUILTY OF TREASON.

London, April 3.—(2:40 a. m.)—A despatch to the Morning Post from Berne says that Municipal Councillor Matejovskysky and twenty municipal employees of Prague have been found guilty of high treason and sentenced to terms of imprisonment ranging from 3 to 10 years.

Department Cites Danger to United States if Exports
Continue Until New Grain Comes In

Washington, D. C., March 22.—Warning that the present heavy exports to European nations of American wheat and flour cannot be continued without endangering the wheat supplies for food and seedling requirements at home was contained today in the department of agriculture's agricultural bulletin. In the opinion of the department's experts exportation at the same rate during December, January, and February until the coming of the new wheat would encroach upon normal domestic needs.—From Chicago Tribune, March 23, 1915, page 4.

A new law proposed in the legislature will require the governor to make biennial recommendations to the assembly with reference to the funds needed by departments and state institutions. The custom has grown of many millions more being asked than expected that the legislators have begun to think that the biennial budget really does not mean very much. The proposed legislation would require the governor to look into desired appropriations and then to recommend to the legislature the amounts he believed desirable. Such recommendations would certainly give legislators much more light than they get from the budget system and would afford a better basis for appropriation work.

Easter Lilies.

In Chicago recently a Jacksonville man visited a great shop where they were making artificial flowers. The flowers are the kind that are used extensively for window decoration and in the great department stores along State street in Chicago. At the time of this visit the manager of the shop had received an order for 2,000 Easter lilies to be used by one of the big stores. The employees were at work fashioning the white flowers from the material at hand and were making them look almost as if they had grown in some garden.

And these workers—they were little girls, seven, eight, nine and ten years old—with fingers flying. Their pinched faces and stooped shoulders made them appear years older, yet there they were, mere children, in an ill-ventilated building, fashioning lilies for the Easter-time. Could anything be more incongruous? Possibly if members of the Illinois legislature had visited this establishment they would have been more favorably inclined to pass the child labor law which has just been referred to a subcommittee.

Teachers' Pension Law.

The Woman's Civic League has gone on record as in favor of the proposed teachers' pension law and letters will be addressed to the representatives and senator from this the 45th district, asking them to support the measure. The teachers' pension law which is being pushed by prominent educators all over the state and by some others who have interested themselves in the matter, is legislation which is in line with that adopted in a number of states. Those who have given the question study believe that the pension law, in making some provision for those who make teaching practically their life work, is providing for the best educational influence. The average teacher is not paid as much as the services are worth, and if the man or woman engaged in teaching work has the assurance that when their usefulness in the schools is at an end they will have a means of support, there will be greater incentive to put enthusiasm into their work. They will also be able to spend a larger percentage of their salary in better fitting themselves for teaching work, in adding to their libraries and in otherwise spending money in such a way that it will broaden them educationally.

Election Abuses.

The sections of the commission form of government act on which the civic league of Jacksonville is just now laying particular stress relate to the penalties for election frauds. The women have discussed these sections at their last two meetings and have embodied the

(Statement of April 1, 1915.)

JACKSONVILLE JOURNAL CO.

By J. W. Walton, Business Manager.

Sworn to and subscribed before me this 1st day of April, 1915.

(SEAL) W. G. GOEBEL, Notary Public.

(My commission expires June 20, 1916.)

spirit of these sections in a resolution recently adopted. Members of the league seem to feel that if they can thoroughly impress upon the people of this community the real need there is for a literal observance of these provisions of the law that a great step will have been taken in preserving the purity of the election. They feel, too, that firmly establishing at this time the provisions of these sections which were enacted for the evident purpose of getting rid of old election abuses, that they will have done much toward securing a desirable municipal government.

The sections, which are very plain in their intent and language, are as follows:

"Paragraph 20: Any person who shall agree to perform any service in the interest of any candidate for any nomination or election, for any office provided in this act, in consideration of any money or other valuable thing, or for the treats, or for any appointment to any office or employment under such city or village, for such service performed in the interest of any such candidate; or any candidate who shall make a promise of money or other valuable thing or to appoint any person to an office in the event of the nomination or election of such person performing any service in the interest of said candidate; upon conviction thereof shall be punished by a fine not exceeding \$300 or be imprisoned in the county jail not exceeding 30 days, or both, in the discretion of the court."

"Paragraph 21: Any person offering to give a bribe either in money or other consideration or another form of treating, or by agreement to appoint to any office or employment under such city or village to any elector for the purpose of influencing his vote at any election provided for in this act; or any elector entitled to vote at any such election requesting, receiving or accepting such bribe money, or other consideration or treats, or agreeing to vote or support any candidate in consideration that he be appointed to any office or employment under such city, shall be deemed guilty of a misdemeanor and upon conviction shall be fined a sum not less than \$100 nor more than \$300, or be imprisoned in the county jail not less than 10 or more than 90 days, or both, in the discretion of the court."

Members of the league realize also that candidates are not wholly to blame for possible infringements of the law. They realize that there are many men who, as the result of past experiences, think that pre-election days are the days for special favors, and that they apply to the candidates for gifts or loans, and that constantly there is the temptation for men running for office to do the favors or make the little loans that are asked. Certainly the league's agitation of the matter will serve to call the public's attention to the law in a way which would otherwise not be true, and it can be stated as a general proposition that many infringements of law are the result of ignorance, and the greater familiarity that people have with legal matters, the less will be the likelihood of law infringement.

The King of England, Lord Kitchener and Sir Edward Grey have announced that they will banish all liquor from their homes until the close of the war. In Canada, patriotic subjects of England are taking the same stand and there is a great sentiment against the liquor traffic as being a hindrance to the allied nations in the war. This hue and cry against liquor seems to be having its influence in a lesser way here in the United States. In Kansas City, the police commissioners have just adopted stringent saloon regulations and in East St. Louis the women are asking that precedents be broken in that city and saloons closed on election day.

U. S. DEFICIT UP \$5,000,000.
Customs receipts for March totalled \$19,586,325, the greatest sum collected during any one month since the outbreak of the European war. At that rate treasury officials expect the fiscal year's customs collections will fall only \$10,000,000 below their estimate of 220,000,000.

Total treasury receipts for March were \$56,389,959, \$13,000,000 more than February. Disbursements were \$61,308,792, leaving an approximate deficit of \$5,000,000 for the month, and the ordinary deficit for the fiscal year ending June 30 at a little more than \$88,000,000. Income taxes, however, during the next two months are expected to reduce that amount materially. The balance in the general fund at the end of March was \$35,769,611.

FREE LECTURE ON CHRISTIAN SCIENCE. GRAND OPERA HOUSE, 3 P. M., SUNDAY, APRIL 4.

WITH THE SICK.

Ed. Spink of the firm of Spink & Strawn was out Friday after being kept in bed for over a week by the grippe. Mr. J. G. Strawn, his associate has recovered and is able to be at the office again.

County Treasurer W. A. Masters who is a patient at Oak Lawn sanitarium is improving steadily. Yesterday Mr. Masters was up and dressed and was able to walk around his room.

Mrs. M. H. Merriweather residing on South Diamond street, is able to be up and about after an illness of several weeks.

W. S. Cannon, who several weeks ago underwent an operation for gall stones at the hospital of the Drs. Mayo in Rochester, Minn., has returned to Jacksonville. He has shown steady improvement in condition.

Don't fail to see the Big War Map in Brady Bros., show window made entirely of garden seed.

AN EASTER TOKEN.

Mrs. E. W. Fanning of 743 Ashland avenue was much gratified Friday when she received a box of orange blossoms from her husband, who went west for his health and is for the present located at Pasadena, Calif. Mr. Fanning writes that his health is much improved by his trip and that the weather is ideal.

THE HOFMANN FLORAL CO. ARE WELL EQUIPPED WITH A GREAT VARIETY OF CHOICE EASTER FLOWERS AND FLOWERING PLANTS. ALL GROWN IN THEIR OWN GREENHOUSES. ORDERS FILLED QUICKLY. PRICES REASONABLE.

DEATHS AT SOLDIERS' HOME.

The record of deaths at the Illinois soldiers and sailors home at Quincy, Ill., during the month of March, was as follows:

David Eddy, Co. D, 38th Ill. Inf., 81 years.

A FORTUNATE FIND.

A few days since when P. Phillips, now at Obermeyer's, was traveling with his wife from Danville to Bloomington on the Big Four road, Mrs. Phillips lost a \$500 diamond ring. She was not sure whether the ring was lost on the train or in Bloomington. Mr. Phillips advertised and offered a reward for the return of the jewel with faint hopes of ever seeing it again. Fortunately he left his address with the Big Four people and told of his loss and yesterday afternoon received a telegram telling him that a car cleaner had found the ring and turned it in.

BEADLES SCORES BACKSLIDERS AT BROOKLYN FRIDAY EVENING

"God's word abounds in warning against backsliding," said the Rev. J. M. Beadles Friday night in addressing a large audience at the Brooklyn M. E. revival. "Of danger signals there are many. What God calls backsliding, science calls reverting to the type. Science and the word of God agree." Mr. Beadles' subject was "Crab Apples and Bellflowers" or "Reverting to Type." He took his text from Jeremiah 2:21, "Yet I had planted thee a noble vine, wholly a right seed; how then art thou turned into the degenerate plant of a strange vine unto me?" Dr. Rule led in prayer and Mrs. W. P. Duncan and Miss Mary Lindsey sang two duet numbers, "The Prince of Peace" and "By the Way of the Cross." "The promise is only to him that overcometh," quoted the evangelist. "Are you an overcomer? or are you being overcome? Degeneracy is the result when there is neglect of culture—of the body, mind or soul. It is an indisputable law of nature that those gifts which are not used. Nature withdraws. The Bellflower that is left uncultivated, reverts to type. You cannot be a crab apple six days of the week and a Bellflower on Sunday." "Raising Human Values" will be the subject of the Rev. J. M. Beadles at the Saturday meeting at Brooklyn this evening.

EASTER NOVELTIES AT OUR JEWELRY AND TOILET GOODS SECTION; BIG VALUES AND ALL COLORS IN SILK STOCKINGS; NEW MODELS IN SILK PETTICOATS AT \$1.98 AND \$2.98.

ANNUAL MEETING WOMAN'S HOME AND FOREIGN MISSIONARY SOCIETY

Members of Springfield Presbytery Holds Two Days' Session in Lincoln—Election of Officers.

The following program of the meeting of the Woman's Home and Foreign Missionary Societies of Springfield Presbytery at Lincoln, was furnished by Miss Katherine Barr, who was in attendance. The meetings ended Friday afternoon.

A special feature of the Home meeting was in reference to Mrs. Mary J. Averill of the 2nd Church of Springfield, who entered into her rest recently. She had been treasurer of the Home Society for years, and had been a splendid officer, and a devoted Christian. The Society raised a special fund of one hundred dollars for this year, for the General Fund of the Society, as a memorial to Mrs. Averill. A tribute to her worth and work was also read by Mrs. Brinkerhoff, of Springfield.

Only two changes were made in officers, as reported. One being the election of Miss Elmer Moore of Arnold as vice-president of the Jacksonville district. The other was the choice of Mrs. Anna M. Roberts of Springfield as Mrs. Averill's successor as treasurer.

The program follows:
Thursday Morning, April 1—9 o'clock.

Devotional service—Mrs. C. A. Faught.
Roll Call of Auxiliaries—What our S. S. Did for Home Mission.

Appointment of committees.
A year with our officers:
10:00. What have we done?
Mrs. Enslay Moore.

10:15. What is in our Treasury?
10:30. Solo.
10:35. Our Magazines and New Literature—Miss Sallie Brown.

10:55. What have we studied?—Mrs. Bergen.

11:15. Where are our Young People?—Mrs. Dick.

11:25. Hymn 559. Love Divine, all love exclaiming.

11:30. Address, "Freedmen"—Mrs. H. F. Carriel.

Negro Spirituals.
Noontide Prayer—Mrs. Brainerd.

Thursday Afternoon—1:30 o'clock.
Devotional service—Mrs. M. J. Gildersleeve.

Report of Nominating Committee.

Big stock of fresh garden seed at Brady Bros. Also everything in garden tools.

RAIN BADLY NEEDED.

James T. Ellis has returned from a business visit to Scott county, and said that the farmers there, like those in Morgan county, are complaining a great deal because of the lack of rain. In both counties there are streams which have dried up and tiles that have ceased to run which normally at this season of the year are furnishing a steady supply of water. Persons who have had any occasion to dig to any great depth this spring have found that the earth is very dry and a few inches below the surface and that it would take many days of steady rainfall to bring conditions up to normal.

J. HERMAN.

HIS 66TH BIRTHDAY.

Just 66 years ago today Ottawa McAllister first saw the light of day at the family residence on West College avenue, just west of the site of the old hotel. It was a log house well back from the street with a potato patch in front and it goes without saying that there have been some changes in that part of the place since that time and also in the appearance of Mr. McAllister.

PISCAGH CHURCH SERVICES.

Rev. W. J. Rainey pastor of Piscagh Presbyterian church has announced the following services for tomorrow: Sunday school at 10 a. m.; Easter communion 11 a. m.

WOMEN OF RUSSIA.

Petrograd, Feb. 4th: As the war continues the women on the border suffer the horrors of war and the mothers and orphans left at home are the ones who suffer most. In America are many mothers and daughters, who were left penniless by the war of the Rebellion, but their suffering are as nothing to the women and children left as widows and orphans of the soldiers who have fought and bled for their country in Europe.

Many a mother and daughter have reason to be thankful to Dr. Pierce for relief from suffering and the cure of those weaknesses of their sex, because of his "Favorite Prescription." This tonic, which is strictly a temperance medicine, has cured thousands of those weaknesses, headaches, nervousness, backaches, which are the outward manifestations of disease in women. Dr. Pierce's Favorite Prescription specially causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers in either liquid or tablet form.

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy. Adv.

NEW BOOKS AT THE PUBLIC LIBRARY.

Health.

Hoag—Health Work in the Schools. A clear concise handbook dealing with the problems involved in health supervision, health examination and hygiene teaching. Contains a rather detailed treatment of transmissible diseases also a synopsis of school health organization in some cities. There is an interesting chapter on open air schools.

Maxwell and Pope—Practical Nursing. "An admirable treatise based on scientific knowledge and the latest and most improved methods."—A. L. A. Bkl.

Biography.

Washington—Frederick Douglass. "An impartial sympathetic study of the career of Douglass from slavery, through the anti slavery movement, the civil war, reconstruction days, to the later and more peaceful period. It will interest both the student of history, and the student of life—the ordinary reader."

Whitlock—Forty Years of It. The last chapters are devoted to his own experience as mayor of Toledo and to a discussion of the problems of city government. "From cover to cover Forty Years of It will be found an intensely graphic portrayal of American life and its social upheavals as viewed by a sturdy man who is not afraid to speak and write as he thinks."—Boston Transcript.

Literature.

Barrie—Half Hours. "Entertaining one act plays, illustrating the author's well known characteristics in a variety of themes: Pantaloon, the home of Pantaloon and Columbine; The twelve pound look, the husband who assumes superiority and absolute ownership of his wife; Rosalind, a spirited play concocted of Shakespeare's Merry Wives and Barrie's merry wit; and The will, the tragic effect of the greed for money on the possibilities of happiness in marriage."

Dunbar—Complete Poems. "What struck me in reading Mr. Dunbar's poetry was what had already struck his friends in Ohio and Indiana, in Kentucky and Illinois. They had felt as I felt that however gifted his race had proven itself in music, here was the first instance of an American negro who had evinced innate distinction in literature."—William Deans Howells in Preface.

Education.

Davis—Vocational and Moral Guidance. "A very helpful manual giving suggestions as to the details for organization of work, with chapter bibliographies for teachers and students."

Rent Fiction.

Buck—The Battle Cry.
Doyle—Valley of Fear.
Regular Fiction.

Dumas—Black Tulip.
Hardy—Mayor of Casterbridge.

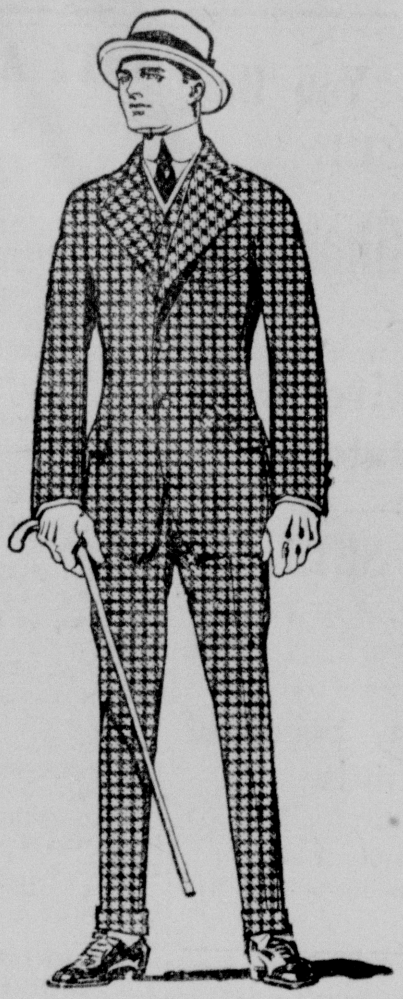

Easter neckwear in a beautiful giftbox, 50c and up. Frank Byrns' Hat Store.

LUMBER MILLS BEGIN BIG SEASON.

Calumet, Mich., April 2.—The big lumber mills at Baraga began spring operations yesterday, and will cut some eight million feet of logs, because of an exceptionally heavy cut in the Baraga and Keweenaw districts, the sawmills of the copper country will be kept unusually busy this spring. In addition to the Baraga operations, some eighteen million feet will be worked at the other mills. Day and night the mills will saw through the big cut of logs.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embrocation in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is really used over the skin to render it amenable to the natural stretching which it undergoes. The myriad of nerve threads just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from personal experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, has been given the most severe tests under most all trying conditions and is recommended by women who to-day are grandmothers and who in their earlier years learned to rely upon this splendid aid to women. "Mother's Friend" is declared by a multitude of women to be just what expectant motherhood requires. You can obtain "Mother's Friend" at almost any drug store. Get a bottle to-day and then write for our little book so useful to expectant mothers. Address: Bradfield Regulator Co., 512 Lamar Bldg., Atlanta, Ga.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. At all druggists.

PROTEST AGAINST TREATMENT OF PRISONERS TAKEN ON SUBMARINES

Germans Threaten Reprisals in Note Transmitted to Great Britain Through the United States.

London, April 2.—(5:30 p. m.)—A German protest and threat of reprisals on account of the treatment by Great Britain of the prisoners taken on board German submarines was made public here today. This protest was transmitted by Germany to Great Britain through the United States. The reply of Great Britain was also made public. The German government in its protest asked whether Great Britain intended to record less favorable treatment to captured German submarine than to other war prisoners and if so what form this discrimination would take.

Germany stated that if Great Britain adopted such a course a British army officer held prisoner in Germany would receive correspondingly harsh treatment for each member of a German captured submarine crew. The foreign secretary, Edward Grey in his reply said that the prisoners from German submarines had been placed in naval detention barracks and segregated from other war prisoners, but were being treated humanely and permitted to take exercise. Furthermore, the foreign secretary said, German prisoners in England are better fed and clothed than are British prisoners of equal rank in Germany and the Germans are not subjected to forced labor. As the submarine crews have been engaged in sinking neutral merchant ships and unarmed British vessels, Sir Edward said they could not be regarded as honorable opponents but were "offenders against the law of nations and common humanity."

The foreign secretary said that 1,000 officers and men of the German navy had been rescued during the war but that none from the British navy had been rescued by the Germans. However, he made no suggestion for a change.

DISORDER MARKS MEETING OF "CAN'T STAND FOR THOMPSON CLUB"

Women Active in Chicago's Mayoralty Campaign Lead Demonstration—Police Eject Several Men.

Chicago, April 2.—Scenes of disorder seldom equalled in the political history of Chicago marked the meeting of the "Can't Stand for Thompson Club" here this afternoon. Women active in the mayoralty campaign led the demonstrations. The police were called and several men who seemed on the verge of personal encounters, were ejected. Not one of the speakers was able to speak more than a few words because of the din and disorder.

Prohibitionists, Socialists, Republicans and Democrats alike were hooted. Well known women stood on the seats and urged their partisans to further demonstrations. The meeting was the political event of the day and thousands were turned from the downtown theater where the attempt to hold it was made. The scene was viewed from the stage of Robert Sweitzer, Democratic candidate for mayor, John H. Hill, the Prohibition candidate and Seymour Steadman and their wives. William Hale Thompson, yachtman and former cowboy, was addressing a meeting at the stock yards from horseback in behalf of himself as the Republican candidate. Women partisans led the Thompson contingent. Among them were Mrs. Dora Earle, Mrs. J. P. Pressnell, Mrs. Richard T. Folsom, Margaret Doherty and many others. They are alleged to have "packed" the meeting. Word had been received that such an attempt would be made and the Sweitzer forces responded in force.

Drink Claus' Famous Coffees.

GOVERNMENT CLOSES HOTEL.

Washington, April 2.—The Grand Hotel, situated at the corner of 15th street and New York Avenue, was shut down tight yesterday by order of the government. The hotel is owned by the United States, and was leased on condition that no disorderly or illegal conduct be allowed there. The lease was terminated by Hon. Byron R. Newton, assistant secretary of the Treasury Department, on account of breach of contract, after a police investigation of the conduct of the hotel. The hotel was called the "Bucket of Blood" in newspaper articles which criticized severely the appropriateness of the government's lease. In explaining his action, Mr. Newton said: "The attitude of Secretary McAdoo, with whom my action accords, is that no place of the type and reputation of the Grand Hotel should be allowed to exist on government-owned property with the consent of the department."

A CLOSE CALL.

R. M. Hockenbush has received word of a close call one of his little grandsons had recently at the home in Albuquerque. The child was riding on his little tricycle and thoughtlessly ran right in front of a rapidly moving street car. It was simply impossible to stop in time to avoid a collision and as soon as the motorist could bring his car to a standstill he rushed to the rear end to pick up the mangled remains of the little boy but no boy was there. Instead he had been thrown into the air and had landed on the guard in front and was clinging to it but little hurt when found.

JAP CAPTAINS KNOX TEAM.

Galesburg, Ill., April 2.—Coru Mikami, a native of Japan and short stop on the Knox college baseball team last year, today was elected captain of the 1915 nine.

EUROPEAN WAR NOTES

Venice, via London, April 2.—(9 p. m.)—Count Stephan Tisza, the Hungarian premier in speaking today of his recent trip to Vienna, during which he had an audience with Emperor Francis Joseph, said that the emperor appeared to be surprisingly well and had gone through the winter without the slightest cough or cold. The aged ruler showed the liveliest interest in all the affairs of state, said the premier.

New York, Apr. 2.—King George's order in council forbidding trading with the Germans and Austrians caused the failure of Bawo and Dotter, limited, an English corporation dealing in and manufacturing china-ware in Germany and Austria. This was shown today when the stock and other assets of the corporation in this city were sold to George Borsfeld and company, importers, for \$100,000 at a private sale held under the supervision of Judge Julius Mayer of the federal district court.

Vienna, via London, April 2.—(10:45 p. m.)—The following Austrian official war statement was given out here tonight:

"East of the Beskid Pass (in the Carpathians) general calm prevails, all the Russian attacks having been repulsed. Fighting continues east of the adjoining sectors of the Carpathian front where strong Russian forces are attacking. On the frontier between the Pruth and Dniester rivers we repulsed superior attacking forces. Ten to fifteen columns deep, the enemy continued an assault all day at several points on the front. The fighting lasted until evening when the enemy everywhere were forced to beat a retreat which, particularly in the southernmost sector assumed the character of a flight.

"In Poland and in western Galicia there is no change. A Russian night attack on the lower Niedra miscarried under our very effective fire."

Petrograd, April 2.—via London, April 2.—(9:35 p. m.)—The following Russian official statement regarding the fighting in the Eastern theatre of war was given out here tonight:

"On the Niemen front our troops after stubborn night fighting yesterday continued their offensive. We drove back the Germans inflicting heavy losses and approached the German positions to the east of the line Pilawski-Maslampol-Kalwary-Suwalki-Augustow.

"In the Carpathians on March 31 and during the night of April 1st, our offensive was pursued with success. It was concentrated chiefly on the Volla-Michol front in the direction of Uzsok Pass. Escalading under a violent Austrian fire. Escarpments covered with ice our troops after a long struggle carried with the bayonet an important range of heights and almost the summits of the Polonina range to the north of the villages Vestilina, Beregeh and Gornia. Here our regiments took by assault an enemy front well organized and surrounded by two wedges of barbed wire and timber obstacles. A number of Austrian counter attacks in the region west of the railway to Mezolaboez with forces recently concentrated here have been repulsed, the enemy suffering heavily.

"In the region of Kozlowka we blew up an enemy sap below one of his own trenches. After driving out the enemy we occupied the trenches.

"The total number of prisoners taken in the Carpathians yesterday was 32 officers and about 2,300 men. We also captured five machine guns.

"On the other sections of the front there is no change.

"From the latest information it would appear that we were opposed near Chotin on March 30th, by units of the 42nd Honved division. We captured over 20 officers and 2,000 men."

Drink Claus' Famous Coffees.

WHAT'S INDIGESTION? WHO CARES? LISTEN!

"Pape's Diapiesin" Makes Sour Gassy Stomachs Feel Fine at Once.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache. Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapiesin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it without dread of rebellion in the stomach.

Pape's Diapiesin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.—Advertisement.

DOMESTIC TRADE GAINS SLOWLY; WAR ORDERS CONTINUE HEAVY

Big Advance in Cotton is a Great Relief to Depression in the South—High Prices for Farm Products Make for Continued Activity in the West.

New York, April 2.—R. G. Dunn and company's Review of Trade tomorrow will say:

"Domestic trade gains slowly but war orders and food exports continue very heavy. The big advance in cotton is a great relief to the depression in the south, while in the west high prices for farm products make for continued activity and in spite of low temperature in the winter wheat section crop prospects are regarded as favorable. A notable expansion of stock exchange activity is a speculative expression both of the improving business conditions and of the increasing hopes of peace. The action in removing all restrictions upon stock trading means a complete return to normal market conditions and is another notable proof of expanding financial power. Bank clearings commercial failures and other statistics of business however still reveal the wide extent and effect of the depression but that was produced by the war but it is significant that these indices of trades activity are growing better month by month.

"It is noteworthy that American bankers are arranging large credits for European buyers of American commodities and preparations must eventually be made for financing the governmental war loans that cannot be taken by the people of the several belligerent nations. Settlement of the wage scale with sheet and tinplate workers, permitting independent plants to resume, was the most noteworthy development of the week in the iron and steel.

"Considerable activity has prevailed in the retail drygoods trade and reports from western distributing centers indicate a steady movement with an increase on the better staple merchandise. In the primary markets, cotton goods have been stronger and in broader demand, advances being named on several lines.

Wholesalers are displaying more interest in the footwear market and an increased volume of business is soon expected.

"Bank clearings for the week total \$2,640,792,891, a decrease of 15.4 per cent as compared with the same week last year.

"Commercial failures for the week number 472 against 343 for the corresponding week last year. Failures in Canada number 47 compared with 45 for the corresponding week a year ago. For the first quarter of this year, business failures in the United States were 7,216.

TRANSFER SEVERAL GAMES TO AVOID CONFLICTS AT CLEVELAND

CHICAGO, April 2.—Conflicts between the American League and American association in Cleveland will be avoided this year by transferring several of the games which the association ordinarily would play in Cleveland to other cities. A series in May was transferred from Cleveland to Columbus and another from Cleveland to Milwaukee in September, according to the schedule which was given out today for release April 9th.

The Memorial day double header which under usual conditions would be played in Cleveland, was transferred to Indianapolis and two games in April were changed to Louisville. The twelve transfers reduce the number of home games for the Cleveland team to 65.

IN SQUIRE DYER'S COURT.
Reece Fawcett was arrested by police officer John McGinnis on a state warrant sworn out before Justice Dyer by J. W. Marshall, local agent for the Wabash railroad.

The charge in the complaint was that Fawcett did unlawfully and maliciously throw a brick or rock at the train crew upon train No. 99 of the Wabash Railroad Co. Fawcett pleaded guilty as charged and in default of bonds was sent to the county jail to lay out a fine of \$35 and cost against him.

Charles L. Howard was arrested by police officer G. W. Eades on a state warrant sworn out before Justice Dyer by John Dunn, a dealer in second hand goods, charging that Howard "did unlawfully and feloniously obtain from said Dunn property, viz an automobile and money to the amount of \$250. The same being a confidence game." Howard was placed under bonds of \$200, with William Coverly as surety for appearance on April 6, at 2 o'clock p. m. for a preliminary hearing in Justice Dyer's court.

ROAD DISTRICT NO. 10.

I announce myself as a candidate for clerk of above district. Voters I will appreciate your support. Election, April 6th.

E. W. Sorrells.

I hereby announce myself as a candidate for commissioner of Road District No. 10. Election, April 6th.

Nicholas Conlon.

VOTERS DISTRICT NO. 7.

I am a candidate for clerk of above district and your support will be appreciated. Election April 6th.

Erie Lamb.

G. W. TANDY HERE.

Uncle George W. Tandy is again in the city after a sojourn with relatives in Decatur. Mr. Tandy is in the enjoyment of good health and is always glad to visit in Jacksonville which has at sundry times been his home during the past 81 years. Mr. Tandy was born near Lexington, Fayette county, Ky., in 1832 and came with his parents to Illinois when but two years old. Mr. Tandy is a guest of J. L. Capps and other relatives on North Church street.

DIXIE HIGHWAY CONVENTION.

Chattanooga, Tenn., April 2.—The Dixie Highway Convention, which is to complete the plans for a magnificent roadway between Chicago and Miami, Fla., opened here today. Reports from all sections of the South through which the Dixie Highway will pass indicate there is a widespread interest, and co-operation seems assured to put the road through to completion.

The big session comes tomorrow, when the governors of Illinois, Indiana, Kentucky, Tennessee, Georgia and Florida will gather, or send their personal representatives. Business bodies all along the route have sent their representatives to the convention.

The governors will make the final decision as to the route to be selected for the new highway. There are two routes proposed, and the final decision will be the signal for immediate work on the highway. The proposed highway will not mean the construction of a new roadway, but will mean improvement all along the line to put the continuous roadway in first class shape.

It is hoped to get Speaker Champ Clark to attend the meeting tomorrow.

PRZEMYSL IS "SHEEMIL".

SAYS NEWSBOY.

Boston, April 2.—The savants and dictionaries have been put to rout by a Boston newsboy. In the heat of the controversy over the pronunciation of that imposing word "Przemysl," which henceforth will blazon in history, many varieties came from the authorities. But an Austrian newsboy who lived in the city which has now fallen before the sweep of the Russians declares the right way to say it is just what the residents there call it "Sheemil". Heretofore the patient reader of war news has had to content with a variety of solutions, including "Jay-meezel", "Pshemishl", "Pshemishly" and "Pshemishl".

SHINYTOWN

In Shinytown the people cling to their belief that in the Spring all men should rise, and clean up alley, yard and lawn, till every sign of trash is gone—which scheme is wise. In Shinytown they burn old hats, and sticks and rags and bones and cats and kindred trash; all labor for the public weal, with fifty-seven kinds of zeal, and not for cash. This town is in a class alone; there flies and germs are quite unknown, year after year; no doctors' joints therein are built, and all the fell diseases wilt, when they come near. As there are no diseases night, the people don't know how to die; death seems a joke; and some one has to shoot them down, when they are tired of Shinytown, and wish to croak. The village used to have a hearse before it killed the microbe curse, long, long ago; but now, since microbes cause no fuss, they use it for a jitney bus—five cents a throw. This is the village delight, where all the folks are living right, a cheerful scene; your burg might be like Shinytown if all you men would buckle down, and make it clean.

Easter Apparel Ideas

(WE HAVE HERE)

We want to show those of you who can get in the many new features we have in Clothing, Hats and Furnishings this week. New shades in Clothing that have just arrived this week are niggerhead browns, multi-color overplaids, bottle greens, red, brown and blue grass hues.

Same Shades in Hats

Study and watch our styles. It will enable you to make a correct selection.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And MUSTEROLE won't blister like the old-fashioned mustard-plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out all soreness and pain.

MUSTEROLE is a clean, white ointment made with oil of mustard. There's nothing like it for quick relief for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds on the Chest. (It often prevents Pneumonia). Nothing like MUSTEROLE for croupy children.

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or purging.

Take one or two at bedtime for quick relief, so you can eat what you like. At 14c and 28c per box. A. A. Druggists.

The Olive Tablet Company, Columbia, O.

EASTER MUSICAL PROGRAMS ANNOUNCED FOR VARIOUS CHURCHES

At State Street Church.

Special music has been provided for the morning worship at State street church and for the vesper service in the afternoon. Miss Louise Miller will sing solos at both services.

Centenary M. E. Church.

At the morning worship at Centenary M. E. church tomorrow Miss Nell Self will sing "I Know That My Redeemer Liveth" (Messiah). Handel. At the evening service Miss Clara Ranson will sing as a solo Shelly's "Oh! Glorious Night."

Westminster Church.

The following program of music will be given at Westminster church Sunday morning at which time Dr. A. B. Morey will occupy the pulpit:

Organ, "Entree Triomphale"Paul Wachter.
Voice, "In the Time of Roses"Reichardt.
Organ, "Andante Con Moto"Alex. Guilman.
Aria, "I Know That My Redeemer Liveth" (Messiah)Handel.
Organ, "March Solennelle"Lemaigre.
Mrs. William G. Goebel is organist and Miss Rebecca Scheibel soloist.

Salem Lutheran Church.

There will be special Easter music at Salem Lutheran church both morning and evening. The morning service will be held in the German language and at that time the Lord's Supper will be celebrated. The evening service will be in English. The morning music:

AnthemAuferstanden.
The Choir.
Vocal solo"Jesus Lebt" Mrs. Robert L. Stice.
The Evening Service.
Organ prelude.
Hymn "Awake My Soul With Gladness"Choir and Congregation.
Hymn "Christ the Lord Is Risen Today"Choir and Congregation.
Anthem"Hail the Victor" The Choir.
Vocal solo, "As It Began to Dawn" Mrs. Robert L. Stice.
Hymn "I Know That My Redeemer Liveth."

Northminster Church.

"The Resurrection" by H. W. Porter will be given at Northminster church Sunday evening under the direction of Frank Bracewell. The program follows:

Organ prelude: Hosanna! Th. Dubois.
Part I.
Praise to Christ.
The Glorious Name . . . Full chorus.
Sharing His SorrowsDr. C. B. Magill and male chorus.
InvocationRev. W. E. Spoonst.
Part II.
To the Tempted Tomb.
The Dawn is Now BreakingChorus of women.
The Walk to the SepulcherMessrs. Spoonst, Frazer, Vieira, Messrs. Vasconcellos and Gouveia.
Behold! There was a Great Earthquake—Messrs. Fernandes, Vasconcellos and chorus.
The Thirst of GodEsther Spoonst and chorus.
Offertory.

Part III.

Christ is Risen.
With the Risen Light—Mr. Hiram Day, Messrs. Spoonst and Vieira.
We Trusted He to Victory—Messrs. Vasconcellos, Bracewell and male chorus.
Now is Christ Risen—Esther Spoonst and chorus.
I Shall See Him—Miss Hellen Frazer.
Behold He Cometh—Messrs. Spoonst, Vieira, Messrs. Bracewell and Gouveia.
Christ Being Raised—Chorus.
Organ Postlude: Triumphant March—Dudley Buck.

Grace M. E. Church.

The following program has been arranged for the Easter services at Grace Methodist church for Sunday:

Morning.
9:30—Sunday school. Special closing program.
10:45—Breaching service.
Organ, "Visions"Rhombberger.
Mr. Stearns.
Processional.
Hymn No. 161.
Prayer.
Solo, "The Cross"Harriet Ware.
Jessie Lynde Hopkins.
Offertory.
Short Sermon, "The Burning Heart."
Cantata, "Resurrection"Manney.
The Choir.
The choir will be assisted by Jessie Lynde Hopkins, Ima Berryman, Helen Uhl, Deane Obermeyer.
Hymn No. 180.
Benediction.
Organ, "Hosannah"Dubois.
Mr. Stearns, A. A. G. O.

First Baptist Church.

Sunday next will be a full day at the First Baptist church. The day

will begin with a Sunrise Resurrection prayer meeting at 7 a. m. to which all are invited.

The evening service will be a special Easter service of song at which time 25 of the revival converts expect to be baptized. The service will commence sharp at 7:30, and the musical program will be as follows:

Organ, "Processional to Calvary"Stainer.
Mrs. Lucy D. Kolp.
Double Quartet, "At the Cross"Shepard.
Solo, "In the End of the Sabbath"Shepard.
Chorus, "Fear Not Ye"William Kirby.
Chorus, "At the Lamb's High Feast We Sing"Berwald.
Solo "Day of Days" Van de Water.
Mrs. Harber with violin obligato.
Miss Hoffman.
Double Quartet, "What Are These"Shepard.
Organ, "Hallelujah Chorus"Handel.

Mrs. Lucy D. Kolp.
At this service a short message will be given by the pastor on the topic "For Whom Did Christ Die?" At the morning service commencing at 10:45 o'clock the pastor will continue the "Through the Bible" series using the big colored diagram. The subject will be "The Mysteries of the Garden of Eden" and will deal with man—created, crowned, conquered.

At this service the pastor will give an Easter sermonette, "The Lily", for the children.

Central Christian Church.

The following program has been announced for the Easter service at the Central Christian church, the music being under the direction of J. Philip Read:

The Bible School.
Orchestra—Grand MarchPierson.
Quartet—"Come, O Redeemer"Adams.
Male Quartet.
Soprano—"Rejoice and Sing"Jordon.
Miss Spears.
Orchestra—"A Perfect Day"Bond.
The Morning Service.
Organ—"Hallelujah"Loret.
Anthem—"Christian, the Morn Breaks Sweetly O'er Thee"Shelley.
Chorus.
Organ—"April Song"Brewer.
Soprano—"Resurrection"Sheldon.
Miss Leach.
Organ—"Recessional in G Minor"Turner.
The Knights Templar Service.
Organ—"Grand Chorus"Costa.
Anthem—"Christ Arose"Lowry.
Messrs. Johnson, Bradley, Badger and Cornick.
Quartet—"Easter Song"Male Quartet.
Organ—"March Solennelle"Guilmant.
The Christian Endeavor Service.

Organ—"Jubilant Deo"Silver.
Miss Mathis.
Anthem—"Awake Thou That Sleepest"Maker.
Solo and Chorus.
Part II.
Piano—"Gondelaria"Moszkowski.
Miss Hite.
Anthem—"I am He That Liveth"Adams.
Tenor Solo and Chorus.
Violin—"Cantabile" (from Concerto)Wienlawski.
Miss Forsythe.
Soprano—"I know That My Redeemer Liveth"Handel.
Miss Leach.
Anthem—"As It Began to Dawn"Vincent.
Soprano Solo and Chorus.
The chorus consists of: Sopranos—Angela Carlson, Augusta Carlson, Hazel Claus, Wilhelma Cox, Marie Kinney, Mabel Forester, Cora G. Graham, Fairree Graff, Fern Haigh, Mrs. George Peck, Mrs. Charles Moore, Grace McCarty, Florence Rice and Irene Spears.
Alto—Edith Carlson, Adeline McCarty, Dorothy Hite, Winnifred Priest, Lucille Reinbach, Lucille Sperry.
Tenors—Alexander Campbell, Roy Harney, W. E. Patterson and Weir Wood.
Basses—Charles L. Mathis, Frank Plouer, George Peck and Albert C. Rice.
Mixed quartet—Messrs. Cora G. Graham, Edith Carlson, Messrs. Roy Harney, Charles Mathis.
Male quartet—Messrs. Alexander Campbell, Roy Harney, J. P. Read, Charles Mathis.
Solo—Misses Marie Finney, Cora Graham, Fern Haigh, Irene Spears, Augusta Carlson, Alexander Campbell.
Soloists—Miss Ruth A. Leach, Albert Strasser.
Violinist—Miss Alma Forsythe.
Pianist—Miss Dorothy Hite.
Organist—Miss Alice Mathis.
Sunday school orchestra—Violinists, Mabel Forester, Anna Frances Bradley, Geneva Arthur, Harold Dunlap, Byron Carpenter, Harland Moses, cornets, Harry Armstrongs, John Pratt; cello, George W. Rhea; drum, Edward LaBoiteaux; piano, J. Philip Read.

MANURE IS BEST ORCHARD FERTILIZER

ELEMENTARY SUBSTANCES NECESSARY TO GROWTH OF PLANTS

Nitrogen, Phosphorus and Potassium Very Essential for Crops—Difference Localities Show the Need of Certain Elements.

(Edited by Illinois Corn Belter).

(By W. A. Ruth, Associate in Chemistry, Department of Horticulture, University of Illinois.)

Manure is, in general, one of the best fertilizers; it is an excellent fertilizer for the old apple orchards of southern Illinois. A statement of the reasons for this involves a consideration of the soil, the crop, and the fertilizer itself, and of the results obtained by using it in commercial orchards.

Certain elementary substances contained in the soil are necessary to the growth of all plants. A soil well supplied with these elements in correct proportions, if other conditions are good, is fertile. With the exception of the supply of plant food, the two most important factors in fertility are the rainfall and the soil texture. In average years there is enough rainfall in southern Illinois to mature heavy crops of apples. The texture of the soil, although not ideal in its water absorbing or holding properties is, on account of the rainfall, not a hindrance to the growth of the trees. The supply of plant food is therefore of especial importance because conditions governing the other essential factors are not unfavorable.

Three Elements Necessary.

Three of the elementary substances contained in the soil—nitrogen, phosphorus and potassium—are ordinarily thought of as fertilizing elements because the application of materials containing one or more of them may produce an effect on the growth of the crop. That is because the particular substance applied is not present in sufficient quantities or, because it is insoluble, is not available to the use of the plant. It is obvious that the application of substances contained in the soil and readily available, such as iron, or any one of the ordinary fertilizing elements if the supply is sufficient, is poor practice. Without a knowledge of the constituents of the soil to be fertilized, mistakes in treatment are very likely to occur.

A study of the requirements and character of the crop is as important, perhaps, as a study of the composition of the soil. Certain plants require larger amounts of certain elements than others, or, because of their habits of growth, need or respond to fertilization where others do not. Each crop therefore has its individual characteristics, and presents a separate problem.

Composition Essential.

The fertilizer itself must be considered from the standpoint of its composition, the availability of the fertilizing elements contained in it, its effect upon other fertilizing elements in the soil and upon the soil itself, its permanence, and its cost. Here we shall consider particularly manure as a fertilizer for apple trees growing in the soils of southern Illinois.

In most localities the soils of southern Illinois are low in nitrogen and phosphorus, but contain rather large quantities of potassium, which, it has been found, can be made available to the plants by the incorporation of decaying organic matter. Apples require large quantities of nitrogen, in which the soil is relatively poor; they need but small quantities of phosphorus and large amounts of potassium. Manure supplies these three elements in about the right proportion; that is, it furnishes a relatively large amount of nitrogen and potassium, and still more of the latter by its decay in the soil, and only a small proportion of phosphorus. The use of manure is theoretically correct, therefore, from the standpoint of the elements required and supplied. It has the further desirable property of liberating these constituents rather slowly, because the soils, on account of their compactness, do not allow the organic matter to be readily "burned out" or carried away in the drainage water. It has a tendency to improve the physical condition of the soil by making it more granular. Its suitability for these soils, then, is evident. In using it, no such mistakes would be made as if acid phosphate or steamed bone-meal, containing phosphorus, which the trees and crop do not require, were applied.

"Theoretical" Considerations.
No matter how reasonable they may be, however, "theoretical" considerations are not sufficient for a recommendation unless substantiated by actual trial. In every case where manure has been tried in old commercial orchards in this soil it has been found to be a valuable and successful fertilizer. Its practicality is therefore established.

Very often the time and methods of application of a fertilizer are as important as its selection. On account of the close texture of the soils of this part of the state, however, it is not so necessary to apply the manure at any special time because there is less danger of its rapid exhaustion, provided it is discarded into the soil. Probably the best time to apply it is just before cultivation is started. If this is not convenient it may be used at almost any time, but it should be mixed with the soil to prevent loss. An average of two tons per acre should be applied annually, especially in old orchards which have been cultivated for some time with the result that

the supply of easily available nitrogen is running low.

In some cases, of course, there are practical objections to the use of manure sometimes it cannot be obtained locally, or because of the distance of the orchard from the railroad, cannot be shipped in economically. In these cases legumes, such as cowpeas, may be substituted. The only objection to the use of legumes is that it is often difficult to grow them in old orchards which are still not too old to be profitable, because of the shade. One successful grower has overcome this difficulty by growing cowpeas in a different area, hauling the hay into the orchard in the fall, and turning it under. Manure, where it can be obtained, has an advantage over cowpeas in that even the crop of cowpeas, which is the most easily grown of all the legumes, is sometimes a failure.

CANDIDATE FOR CLERK.

I hereby announce myself as a candidate for clerk of Road District No. 10. Chas. E. Reynolds.

RULES FOR PLANNING HALLS AND STAIRS.

(By Miss Great Gray, household Science Department, University of Illinois.)

Halls and stairways are primarily designed for passage from one part of the house to another. They should take up as little space as possible in order to save work in caring for them, and fuel in heating them. They should be well-lighted and the stairs of a comfortable slope without winders if possible.

The entrance hall and main stairway is usually treated as a part of the living area of the house, since it is from these, that a visitor gains his first impression of the house. Therefore, the entrance hall is large enough to accommodate a few pieces of furniture and the doorways from the other living rooms are wide. The stairs is made an ornamental feature and should lead into an attractive upper hall.

NEW METHODS IN WHEAT SEED SELECTION.

The scoop-shovel as a method of wheat-seed selection has had its day. Other uses must be found for the scoop-shovel. For a long time, farmers have been buying their seed-corn in the ear, although it would probably startle a community to find one who bought his wheat seed in the head. But the future has that very farmer in its grip, although he may be shaking a rattle now. The scoop-shovel in the selection of wheat seed must go—behold it is the cheat of the harvest, the ally of the poorhouse!—B. E. Powell in March Number of Review of Reviews.

SERVICE AT MEALS.

Difference Lies in Details of Execution, Says Authority.

Between the simple service of primitive man and the elaborate one used by royalty, there has come into general use today a simple but elegant service which is easily adapted to formal, semi-formal or family meals. In all cases, the fundamental principles are identical; the difference lies in the details of execution, which are determined by the occasion, the number of people present, the customs of the family, the needs and occupations of its members, by certain standards which must be lived up to, by the income, and, last but not least, by the availability and efficiency of domestic help. The essentials to be attained are correctness and a beautiful simplicity, whether there be several waitresses, or one capable housekeeper.

acting in the capacity of both cook and waitress and dealing with a family rather than with individuals. Elaborate service, since it depends so largely upon wealth that comparatively few are financially able to conform to its demands, should not be attempted by the average housekeeper but should be left to the professional caterer.—From new Bulletin on "The Service of Meals," Household Science, University of Illinois.

CLOSE LOCKPORT SCHOOLS.

Joliet, Ill., April 2.—The schools of Lockport were ordered closed today because of an epidemic of scarlet fever. Dr. C. E. Crawford, of the state board of health who investigated the extent of the disease here in addition to closing the schools forbade the holding of public gatherings of children including Sunday schools.

PETITION TO PROBATE WILL.
State of Illinois, ss
County of Morgan, ss
County Court, Morgan County,
March Term, 1915.

In the matter of the probate of the
Last Will and Testament of Madison
Cress Neece Deceased, in Probate.
To all persons whom this may con-
cern—greeting:
Notice is hereby given, That on
the 25th day of March, A. D. 1915,
a Petition was filed in the County
Court of Morgan County, Illinois,
asking that the Last Will and Testa-
ment of Madison Curry Neece, de-
ceased, be admitted to Probate. The
said Petition further states that the
following named persons are heirs
at law and legatees: Elita Neece Bar-
rows, Grace Bradney, Bessie Ander-
son, Fred Anderson.

You are further notified, That said
Will has been offered for Probate
in the County Court of Morgan
County, Illinois, and that the County
Court has fixed upon the 19th
days of April, A. D. 1915, at the
hour of 9:00 o'clock A. M., at the
Court House in Jacksonville, Illinois,
as the day for hearing on the Peti-
tion, for the Probate of said Will, at
which time and place you can be
present in person or by attorney.

Dated at Jacksonville, Illinois,
this 26th day of March, 1915.
C. A. Bork, County Clerk.

CONCORD.
Mr. and Mrs. Roy Young have
a little daughter, Grace Lenor.

Mrs. Martha Robinson is quite ill
at her home here at present.

ILLINOIS STATE NEWS

Killed Big Hog—William Blair of Mt. Morris, killed a hog which yielded 260 pounds of lard, 36-pound hams and 30-pound shoulders, a full tub of sausage and other products in proportion. It weighed 890 pounds.

Killed by Explosion—Henry Glaspey, aged 29, was killed and two others were seriously injured when a gas tank in the home of Glaspey exploded in Danville Wednesday. Glaspey's head was blown from his body.

Village Pays Damage—A jury in the Henderson county circuit court awarded Mrs. June E. Mills of Oquawka \$2,000 damages against the village of Oquawka for injuries sustained by falling through a wooden covering over a cellar-way on the street to a basement below.

County Supervisor—At the late meeting of the Mason county supervisors it was voted to appropriate the sum of \$1,000 to help employ a county farm advisor. Mason county is now assured of the enterprise which several progressive farmers have been working on for months.

Autoists Killed—Verne Barnes, son of Sheriff Barnes of Christian county, was killed, and his companion, Paul Wilson, was badly hurt Wednesday when a B. & O. train struck their automobile at the intersection of the Wabash with the B. & O. at Taylorville.

City Sued for \$10,000—The city of Galesburg is defendant in a suit for \$10,000 damages. The suit was brought by W. A. Wilson, administrator of the estate of Earl LeRoy Wilson, who was electrocuted March 24, 1914, by a live wire grounded on the current which supplies electricity to the city.

State Memorial Building—Announcement has been made in Springfield by the special committee appointed to draft a measure providing for the purchase of land and the erection of the state memorial building in Springfield that such a bill will probably be introduced in the house early next week.

Was Thief; Suicides—Rather than face trial for horse stealing, conviction of which would mean a penitentiary sentence, Clarence Harris, who has been employed as a laborer in Altamont, ended his life at Indianapolis, Ind., by drinking acid, ten days ago. It was announced by Sheriff Wheeler, whose men were attempting to arrest Harris in connection with a local theft case.

U. M. W. Expires—The sub-district of the United Mine workers' union expired last night at Pana, having been abolished at the last convention, and the management and funds will be taken over by the executive board of the state. Abolishment of the sub-district will work a saving in salaries of about ten men and will also reduce the per capita tax on the individual mine worker. The retiring officers will resume work in the mines.

Charged Confidence Game—Jas. Cranfield of Waverly found himself in the county jail Wednesday night on a charge of confidence game. It is said because his wife stopped payment of his checks to prevent him from spending his money in "having a good time," according to the story of one of his friends who came to the jail to secure a bondsman for the accused man. The complaint against Cranfield was made by W. R. Bruno before Justice of the Peace Early.

Fourth Wedding for Bride—Mrs. Emily Thomas of Tower Hill, east of Pana, and Nathan T. Skiff of Movequa were married Wednesday at the bride's home by Rev. O. H. McHenry of the Tower Hill Presbyterian church.

The bride is 37 years old and this is her fourth wedding. Skiff is 75, a civil war veteran and is now entering upon his fifth matrimonial venture. He is a retired farmer and well to do.

The wedding came as a surprise to their children and other relatives.

T. P. A.'s on Railroad Rates—The members of the Travelers' Protective association have given out the only condition that they will support the increase in railway rates from 2c to 2.13c per mile in Illinois. They would have the 2000 interchangeable mileage book at 2c per mile, which they had at one time and which was discontinued December 7, 1914. The committee in charge has sent to all legislators and all newspapers publications pamphlets or editorials on the situation.

Dean of Wabash 89—Captain Edward Cleveland, dean of all Wabash veterans, celebrated his 89th birthday in Pasadena, Cal., Monday. He was with the Wabash before the road was even known by that name, and was the first conductor to take charge of a train between Springfield and State Line, the old main line of the Wabash which ran through Decatur. That was in 1857.

"Cap" Cleveland, as he was known by Wabash men, was given charge of a passenger train from Decatur to East St. Louis in 1872 after the last rail had been laid on what is now the main line of the road. The new stretch of track was named the "St. Louis branch" which title it still holds.

Many old men in Wabash service at present remember the "Captain." One of these friends received a letter from him a few days ago, saying "I am writing you this without the aid of glasses" and asking for any

news about the development and status of the road as it is today.

Secretary Suicides—George Rose, who killed himself at South Bend, Ind., for years was secretary of the Champaign Chamber of Commerce. He was once a famous comedian.

Mystery Surrounds Death—Mystery surrounds the death of W. F. Allen, a wealthy farmer, today on his farm near Xenia. His brother, James, is critically ill. The state board of health analyzed white powder found on the rocks in the well at the Allen farm and said it contained arsenic. Detectives are working on the case. The two brothers, bachelors, were taken ill several weeks ago. Neighbors were called in to attend them and they, too, became ill. The discovery of the white powder in the well followed.

Making Church Census—The Virginia, Ill. churches are united in an effort to card catalogue all the professed "truly goods" in the city. The Methodist, Episcopal church with the St. Luke's Catholic, the Church of Christ, and the Presbyterian have joined forces in making a thorough church census of the city. It is the plan to secure a survey of the church-going citizens and of the non church goers and then to lay plans to bring the latter inside the fold.

Go to Mt. Sterling—Rev. N. L. New of Fort Branch, Ind., has accepted a call to Olive and Fargo Presbyterian churches at Mt. Sterling and will arrive with his wife and daughter in time to hold services next Sunday, April 4. Mr. New is highly recommended as a preacher and pastor and is expected to build up the two churches. He has three other children, two sons and a daughter, who are expected to arrive later. He is about 55 years old and has had considerable experience in the work of the church.

Free lecture on Christian Science by Bicknell Young, C. S. B., of Chicago, member of the Christian Science Board of Lectureship of The First Church of Christ, Scientist, Boston, Mass., at Grand opera house Sunday afternoon, April 4, at 3 o'clock.

CROSS 100,000,000 MARK TODAY—Washington, April 2.—At some tick of the clock between three and four o'clock this afternoon, the population of the United States will cross the 100,000,000 mark. According to the census bureau experts, who have figured the thing out on a conservative basis, in view of the drop in immigration, the population at four o'clock will be 100,000,059. C. D. Cloane, geographer of the census bureau, is the authority for this calculation. Last January the experts of the treasury department and of the census bureau differed widely as to the time when the hundred million mark would be reached. The treasury men claimed that on January 27 or 28 it would be crossed, but the census bureau took into consideration the unusual drop in immigration on account of the war in Europe.

SUITS FILED FOR CIRCUIT COURT HEARING

A foreclosure suit has been filed by Paul P. Thompson for Henry Roegge et al. against Clara B. Wilday and others. An indebtedness of \$5,000 is alleged.

Mrs. Norma Grant, by her next friend, Samuel Grant, has filed a suit for damages against J. Spencer Self. Damages are asked in the sum of \$25,000, and in a like action filed in the name of Samuel Grant against J. Spencer Self, damages of \$10,000 are asked. Nothing but the praecipe in each case has been placed on record. The attorney for the plaintiff is W. H. Dietrick of Beardstown.

Martha Washington Easter eggs, chocolate covered with assorted fillings. Douglas Groceries.

JACKSONVILLE CIRCUIT NOTICE

Services for Easter Sunday will be as follows:

Hebron—Sunday school 9:30 a. m. with Easter exercises; public worship 10:30.

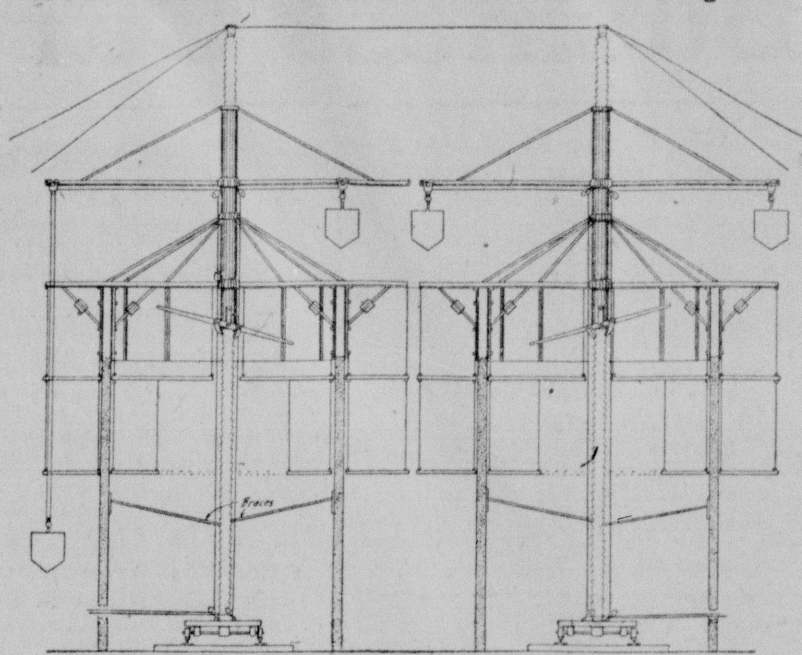

Shiloh—Sunday school at 9:30 a. m. with Easter exercises.

Salem—No services on account of smallpox in the neighborhood. Members of Salem church who were to bring eggs for the Wesley Hospital offering are requested to leave the same at Sargent's market on East State street. Members of all the churches are urged to remember their promised offerings of eggs.

WHY WE SPRAY.

To be candid and truthful it is because we are obliged to, otherwise our apples will be of such poor quality, if we have any, that we get nothing for them. In other words, we spray because it pays. If we don't, the fungus and worms injure both leaf and fruit, the leaves and fruit fall from the tree prematurely and when picking time comes around there is no fruit to pick as it has fallen to the ground; the foliage also has dropped off while it is yet summer and the fruit buds for the next year are undeveloped.—H. M. Dunlap, in Farmers' Review.

Woods' Concrete Form Cuts Down Building Cost

Save your manure by building concrete barns and floors 5 or 10 men club together, and buy a form, mould your own silos and barns. (Patent applied for.)

CHAS. WOOD, R.F.D. No. 6.

We have no fences to mend

before asking you for Diamond Squegee Tire preference. This tire's record in 1914 was so clean—so thoroughly satisfying to 99 out of every 100 users that it stands out as the bright spot in the haze of tire argument.

And bear in mind the above mentioned figures are not ours, but represent the testimony of hundreds of tire dealers covering the sale of over 500,000 Diamond Squegee Tread Tires.

What is more, this volume of undeniable tire evidence will be placed in every tire user's hands free for the asking.

THE AYERS NATIONAL BANK

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the Bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

Come in and let our vault clerk, Mr. Ewen I. Whitlock, explain.

BEREA.

Among those who attended the funeral of Genevra Robertson from a distance were Mrs. Arthur Brownfield and daughter of Astoria; Mrs. Luther Sheppard, Woodson; Mr. and Mrs. John A. Salyers, Monticello; Mr. and Mrs. Geo. Thompson, Mrs. Sarah Kelso, Mr. and Mrs. Graff, Miss Josephine Salter, Mr. and Mrs. Felix Simms and Mrs. Clair Baker, all of Jacksonville; Mr. and Mrs. Tom Manchester, Mr. and Mrs. Wm. Goff, Pleasant Plains; Mr. and Mrs. John Chittick, Tom and Virgil Robertson, Virginia.

The annual meeting of the AFD society will be held at the home of Mrs. Rinda Harris on Thursday, April 8. A welcome to every one.

Mr. and Mrs. Icenogle and son left Saturday after a few weeks' visit with relatives. They will visit in Ashland for a while before returning home.

FEDERAL VETERINARIAN FINISHES THIRD AND FINAL INSPECTION

Dr. T. B. Pote of East St. Louis, completes Survey After Week in Jacksonville and Vicinity—Chief Inspector Here Monday.

Dr. T. B. Pote of East St. Louis, federal veterinarian, completed inspection work yesterday after a week in Jacksonville and vicinity. This is the third and last inspection though not until Monday will this territory receive final consideration by federal officials. Dr. A. M. Casper, head of the U. S. government inspectors in this section of the state, will arrive on that day from the Springfield headquarters to look over the situation. He will confer with Dr. Pote and Dr. C. E. Scott, after which he will be enabled to report Morgan county's condition to the Bureau of Animal Industry authorities. Steps for the final removal of the quarantine will be based upon this report.

Morgan county has for some weeks been in modified quarantine. Soon after the outbreak of the foot and mouth disease epidemic among dairy cattle here, the county was placed in "exposed area" with all territory within five miles of infected herds in closed quarantine. The modified quarantine now prevailing permits the shipment of stock for immediate slaughter to any point in the state but does not allow inter-state shipments. Stockmen have recently been shipping to the Indianapolis markets. Inspection by federal authority is required before stock is subject to release from the state and for several days past Dr. Scott has been engaged in such inspection, both here and in western Sangamon county.

HOFFMANN FLORAL CO.

EDWARD A. SHANNON GIVES UNIQUE DEMONSTRATION

Skeptics were given a chance to talk Friday, when they saw the work of Edward A. Shannon as a human manikin in the show window of the Jacksonville Tailoring company. Aside from him in the window was the wax figure of a woman and cleverly he portrayed the part of a man worked by a mechanical device. His make-up is very clever and there is not a movement of his body that would indicate life. He has been known to never bat an eye in sixteen minutes of time. His work is strenuous and hard on the nerves. Some physicians claim that Shannon cannot long stand up under the strain, but he has been at the business for a number of years, since leaving his old home in Boston. He will be seen again today and in the evening will demonstrate that he is a live model in a novel way.

Easter neckwear in a beautiful gift box 50c and up. Frank Byrns' Hat Store.

COLORADO LADIES OF CITY FORM ORGANIZATION

The colored ladies of the city met Thursday evening and organized themselves into a club called the Ladies' Progressive League. Mrs. Laura Lafayette was elected General President; Mrs. Geo. Wyatt, president of the First Ward; Mrs. Charles Sharp, president of the Second Ward; Mrs. Medora Bryant, president of Third Ward; Mrs. C. H. Freeman, president of Fourth Ward. Each president will call the ladies together in their respective wards and explain the object of the organization. Later the General President will call the body together and discuss all civic questions of interest to them.

BEST CRAVENETTE RAIN COATS, ONLY \$9.75 AT HERMAN'S.

UNIQUE WINDOW DISPLAYS. A great deal of attention is paid to window displays at the Boxell & Sons store on West State street. The idea is through the displays to call attention in a very pointed way to the special bargains being offered in the store. The desired effect has been well accomplished in the west window where a garden of potatoes is shown with kiewpies trying to raise them with ropes and pulleys. A placard indicates that one peck of fine potatoes can be bought today for 13 cents if the order accompanies one for a pound of coffee.

FREE LECTURE ON CHRISTIAN SCIENCE. GRAND OPERA HOUSE, 3 P. M., SUNDAY, APRIL 4.

SOCIAL EVENTS.

Monthly Meeting of M. B. B. O. Club.

Mrs. Lois Gibson was hostess to the regular monthly meeting of the M. B. B. O. club, and their husbands, held Thursday evening at her home, 802 East College avenue. During the evening progressive euchre furnished amusement. In the first games played prizes were won by Mrs. Philip Brainer and Mrs. Richard McKay and in the second games, Mrs. Mathew McNamara and Philip Brainer. Other amusements and social converse helped to pass away the remainder of the evening. When refreshments were served each man was given an apron and escorted to the kitchen by the hostess. A three course luncheon was served and the whole evening was most enjoyable.

Gay Dancing Party.

Miss Zelda Benson gave a dancing party last night at the home of her parents, Mr. and Mrs. W. V. Benson, 369 West College avenue. There were fifteen couples present. Most of the guests being high school students. Dainty refreshments were served. Floyd O'Kette of Springfield was an out of town guest present.

Kitchen Rush for Miss Cooper.

Mrs. Melvin Smith of Concord entertained fifteen friends yesterday afternoon for Miss Bernice Cooper, who is soon to be married. Music and games formed pleasant diversion, followed by a pink and white luncheon in two courses, incomparably served. Miss Edna Filson was prize winner in a musical contest, which proved especially interesting.

Try Claus' 25c Coffee.

WOMEN IN THE NEWS.

Washington—Miss Evelyn Beatrice Longman of New York, who designed the gold \$2.50 pieces for the Panama-Pacific Exposition, has recovered from her sudden illness, which overtook her, while she was here submitting her design. Miss Longman's design was held up by the treasury officials out of sympathetic courtesy. It is expected that arrangements will soon be completed to mint the coins at the San Francisco mint.

Terrell, Tex.—Hetty Green's railroad, the Texas Midland Pacific, is to be electrified. Hetty is not going to allow her 135 mile railroad to be behind the times. This is the road she bought up some twenty years ago for the special purpose of enabling her son, E. H. R. Green, to gain practical knowledge of railroad affairs. Mr. Green is president and general manager of the road. The Greens are also considering extending their line to Waco, and to Dallas.

ILLUSTRATED TRAVEL TALK. One hundred fine stereopticon views and several reels of moving pictures will illustrate the Violet travel lectures at Central Christian church.

TABLES SHOW RESULTS OF GOOD AND POOR DAIRYING.

Labor Income of Different Dairy-men Compared—Amount Remaining After Amount Deducted for Operating Expenses.

The actual difference in the ability of dairymen to make money in dairy farming is shown by the following data taken from a dairy survey conducted by this department on 317 dairy farms which were operated by their owners. After all expenses of operating the farm, including labor, repairs, and interest on the investment, were paid, the amount left for the owner's personal efforts or each man's labor income was as follows:

The labor income of one dairyman was—\$5,602.
The labor income of each of three dairymen was over—\$5,000.
The labor income of each of four dairymen was over \$4,000.
The labor income of each of eight dairymen was over—\$3,000.
The labor income of each of twenty dairymen was over—\$2,000.
The labor income of each of eighty dairymen was over—\$1,000.
The loss of each of twenty dairymen was over—\$500.
The loss of each of ten dairymen was over—\$1,000.
The loss of each of two dairymen was over—\$1,500.
The loss of one dairyman was—\$1,716.

As twenty men lost over \$500 each ten men lost over \$1,000 each and one man lost \$1,716 the possibility of losing money in dairy farming when not properly managed is clearly shown and these losses mean that these men not only worked for nothing and boarded themselves but actually paid for the privilege. However, it is encouraging to know that the labor involved in making the profit of \$5,000 per year in dairying is practically no greater than that expended when \$1,500 is lost and as each of the best eighty made over \$1,000 profit per year each of the best four made over \$4,000 and each of the best three made \$5,000 there is no question as to the possibility of making money by dairy farming. The satisfaction to be derived from these gains is and the encouragement received pays liberally for the energy expended—By W. J. Fisher in March number of Review of Reviews.

Albert Alderson and wife of New Berlin are spending a few days at the home of his parents, Mr. and Mrs. Geo. Alderson, east of the village.

Coats and Suits

That Are Out of the Commonplace

That have the something that makes them look different—expressing "distinct individuality"—of the kind that is hard to find. That's why

Printzess Coats and Suits

have won so high a place in the estimation of women who look for clothes that express their personality. That's why you should know *Printzess*. A visit to the garment department will allow you to choose from many distinctive and delightful styles. We welcome you to an early inspection of these beautiful garments.

Silks

A collection that represents the world and the best the world can offer, featuring a multitude of novelty effects and not omitting one beautiful pattern nor fashionable weave. Special for this week, 40 inch Broadcloth Crepe Meteor, a \$2.75 value @

HOPPER'S WALK-OVER SHOES

JOHN R. SPIRES DIES AT LATE HOME IN WAVERLY

Wife Passed Away Just Two Months Ago—They Had Celebrated Their Fifty-Sixth Wedding Anniversary.

Joan R. Spires, a long time resident of Morgan county, died Friday evening at 4:22 o'clock at his late home in Waverly. He had been in poor health for several months. On February 4th of this year his wife passed away and this bereavement, together with his advanced years, hastened the end.

He was born near Franklin Oct. 13, 1835 and married Eliza Wellar of Macon county, June 9, 1859. They first resided on a farm west of Franklin for several years and this land was sold to William Ransdell. He purchased a farm six miles south of Waverly and resided there until six years ago, when he moved to Waverly. Mr. and Mrs. Spires celebrated their 56th wedding anniversary last June. On June 9, 1909, there was a great gathering of relatives and friends at their home in honor of their golden wedding anniversary.

They were the parents of four children, Thomas J. who died at the age of 14. The children surviving are Mrs. C. W. Taylor, Mrs. William Walls of Waverly and Mrs. Charles Sinclair of Litchfield. He also leaves one brother, Harvey Spires of Franklin. He was an uncle of W. T. Spires and George Spires also of Jacksonville.

Mr. Spires was a man of strong convictions and of upright life and character. He taught school for 18 consecutive years and never made an application for a school. He had held the office of township assessor and justice of the Peace. For over 60 years he had been a member of the Primitive Baptist church and had ever lived an exemplary Christian life.

No funeral arrangements have been made.

Dawson.
A telegram received Friday by Mrs. A. B. Opperman announced the death of her sister, Mrs. Samuel Dawson, at Colorado Springs. Mrs. Dawson had been ill for nearly a year and her death was caused from nephritis. Mrs. Dawson's maiden name was Miss Susie Cox and she was formerly a resident of this city, although she had been living for years in Colorado. The remains will be brought here for interment and further announcement will be made as to the time of the funeral.

Whewell.
Richard Whewell, died Thursday evening at 10 o'clock at his late home in Manchester, Scott county, following an illness of two years, at the age of 58 years. He was born in that vicinity and has practically spent his entire life there, following the occupation of a farmer.

He married Miss Amy Dikis and

she survives him, together with the following children, James, William, Walter, Mrs. J. S. Marsh and Mrs. George Nettles, all of the Manchester community. He also leaves two brothers, Thomas, residing south of Jacksonville, Robert of Hancock county, one half-brother, Edward Thompson of the Murrayville community and two half-sisters, Mrs. Fletcher Lawson, residing west of Murrayville and Mrs. Joseph Worrell, both of Murrayville.

The funeral services will be conducted Sunday morning at 11 o'clock from the M. E. church in Manchester, in charge of Rev. Mr. Myers. Burial will be made in the Bethel cemetery.

Summers.
The death of John A. Summers, a highly respected citizen of Mercedosia, occurred at his home Friday morning at 11 o'clock. He had been in poor health for some time, but his condition was not considered serious until the last four weeks.

Mr. Summers was born Feb. 15, 1843 near Winchester, Scott county. In 1862 he enlisted in Company I, 70th Illinois Infantry, serving three months when he received an honorable discharge. On Nov. 22, 1867 he was married to Texas Lyer at Glasgow, Scott county. They resided in Winchester until May, 1882 when they moved to Mercedosia and have since resided there.

He is survived by his wife and three children Mrs. Leah Wechoff; and William Summers of Mercedosia; and Chas. Summers of Chester, Iowa, also two brothers, Thos. J. of Winchester, and Joe C. of Canton, Ill., three sisters, Mrs. Ollie Hopper of Canton, Mrs. Lucinda Lander of Jacksonville and Mrs. Mary Long of Manchester.

The funeral will be held from the Church of Christ at Mercedosia Sunday afternoon at 2 o'clock, Elder McLaughlin of Peoria officiating.

Mink.
Word has been received in the city of the death of Mrs. Mira Mink, who passed away Wednesday night at her home in Galva, Ill., at the age of 75 years. She had been in ill health for a number of months, so that death was not all together unexpected.

Her maiden name was Mira Henderson and she was born in Morgan county. Her husband died several years ago. She leaves a number of children, two daughters, Mrs. Theodore Stout of Jacksonville, Mrs. Jefferson Crum of Virginia, and David H. Mink of Galva.

Funeral services will be held today and burial will be made at Galva.

EASTER MILITARY TODAY
SPECIALLY PRICED AT HERMAN'S.

It was Mrs. Lizzie Cox, daughter of Mrs. Mary J. Whitte, who attended Dr. Willson's funeral in Waverly and not the mother.

DRESSED CHICKENS — DOUGLAS' GROCERIES.

FUNERALS

Gilmore.

Funeral services for Mrs. Sarah Ann Gilmore were held at 2:30 o'clock Friday afternoon at the family residence, 128 Hardin avenue, and were conducted by Rev. Percy W. Stephens, pastor of the First Baptist church in the presence of a large gathering of relatives and friends of the deceased and of her family. The singing of hymns appropriate to the occasion was by a quartet consisting of Mrs. A. C. Baldwin, Mrs. T. H. Rapp, T. H. Rapp and W. W. Gillham. There was a profusion of beautiful floral tributes of love and friendship and these were kindly cared for by Mrs. Felix G. Sims and Misses Marie McPherson, Irma Black and Etta Black.

The bearers were Felix G. Sims, Calvin Spencer, William Hart, Geo. Keller, W. E. Boston and Arthur Harmon. The remains were laid to rest in the Jacksonville cemetery.

Mrs. George Hatten and daughter Georgia, Mrs. Albert Whitney, Mrs. W. P. Gilmore and son Harry, Mrs. Carroll Van Dorn, Mr. and Mrs. Geo. Barnett, Mr. and Mrs. Lewis Gilmore and Calvin Spencer of Roodhouse, Mr. and Mrs. John Hopper, St. Louis; Mr. and Mrs. C. F. Gilmore of Granite City; Mr. and Mrs. G. W. Gilmore and son Russell of Greenfield, Mrs. Ida Smith of St. Louis, and Mrs. Enoch Redding of Chicago.

THOUSANDS OF BEAUTIFUL GARMENTS AND HATS—READY TO WEAR TODAY—ARE NOW DISPLAYED ON OUR SECOND FLOOR. Dainty waists in wash silks, crepe du chine, and lingerie materials, \$1.00 to \$5.00. Tailored suits in wool and silk, the newest swell styles at \$15.00, \$20.00 and \$25.00. Dresses for afternoon, evening and street wear, at \$6.50, \$12.50 and \$18.50. Norby coats in light colors at \$6.50, \$10.50 and \$16.50, and to top the whole display is a lot of the smartest millinery ever brought to town—hats that will be recognized immediately as bearing the latest features suggested by style makers—unusual values at \$5.00, \$6.50 and \$7.50.

E. J. WADDELL & CO.

POLLING PLACE UNCHANGED.

The judges in district No. 7, have decided that there shall be no change from the court house to a room in the David Prince building. Recently an arrangement was made for that change but the judges have decided that the facilities at the court house are ample and that it will be impracticable to make the change for the coming election.

DRESSED CHICKENS — DOUGLAS' GROCERIES.

CAPPS SALESMEN ARE HOSTS AT BANQUET

SALE FORCE ENTERTAINS FOR MEMBERS OF FIRM.

Spread at Pacific Hotel With Program of Loyal Speeches and Enthusiastic Talks is Pleasing Event in J. Capps & Sons History —C. C. Capps is Toastmaster.

A pleasing incident in the history of J. Capps & Sons took place last evening when the salesmen of the establishment tendered the firm a banquet at the Pacific hotel. After the repast there was carried out a program of toasts, with C. C. Capps presiding, in which men of the firm and members of the selling force joined with equal enthusiasm and ardor. F. M. Rothholz of Rochester, N. Y., who is here installing a new plant for sponging and refining, was a special guest. The luncheon was an excellent one, admirably served and greatly enjoyed by all.

Following are the company officers:

President—H. M. Capps.
Vice president—A. T. Capps.
Treasurer—J. L. Capps.
Secretary—A. T. Capps.

Other members of the company are J. G. Capps and H. J. Capps. The local force consists of Paul Alexander, superintendent of the mill; Lew H. Pratt, bookkeeper; M. S. Meyers, designer; Chas. Fawcett, shipping clerk; C. M. Reid, Edward Ulrich and Wood Phillips.

The salesmen and territory are: Perry Sargent, head salesman; C. C. Capps, Illinois; A. G. Burr, Illinois; George A. Smith, Kansas and Colorado; H. E. Best, Kansas; Dan A. Fultz, Nebraska; George Murphy, Iowa; P. G. Capps, Wisconsin; Fred K. Moulton, Oklahoma and Texas; Charles P. Moulton, Texas; S. B. Cameron, Minnesota and South Dakota; J. J. Coffeen, Minnesota; E. E. Davis, Michigan; J. A. Nolan, North Dakota, Montana and Idaho; N. N. Craig, California; F. G. McLees, Washington and Oregon; W. W. Cowan, Ohio and Indiana.

Growth of the Plant.
At the close of the feast C. C. Capps, the toastmaster, was introduced and filled his place most ably. He spoke of the rise of the establishment from a humble horse power carding machine, next run by a second hand boat engine and now to its present grand proportions and widely increasing trade. It is impossible even to attempt an outline of the speeches made, so full of loyalty to the firm and enthusiasm for the work.

The toastmaster and speakers of the establishment all did their duty in an admirable manner and to the satisfaction of all. George M. Cowan, the first speaker, paid a fitting tribute to the memory of the late president, S. R. Capps, a man of noble traits, universally respected and honored and greatly missed by all who knew him. A token of respect was paid his memory by all rising and remaining silent for a moment.

The second speaker was the present president, H. M. Capps, son of his predecessor. The gentleman was visibly affected by the tribute paid the memory of his honored father and spoke with deep feeling. He thanked the persons present for the sentiment expressed and trusted he would in some measure prove worthy to be the son of such a man.

Other speakers were A. T. Capps, secretary, who thanked the salesmen for the banquet and spoke of the pleasant relations existing between the house and its representatives on the road. J. L. Capps, treasurer, told a pleasing little story and W. T. Capps, vice president assured the salesmen that the house would try to make the goods that would sell the best and always maintain the high standard of the Capps clothing.

Paul Alexander, superintendent, told of the pleasant feeling existing between the firm and its employees who would always be faithful. Lew H. Pratt, bookkeeper, said he had been with the house more than 20 years and C. C. Capps was the only one present who was with the house when he began. J. G. Capps said the house had a corps of good men and his department would try to keep up and make it easy as possible for the men to sell goods.

Herbert Capps said that when the men sent in orders he would try to see that they were promptly shipped. M. S. Meyer, designer, told of the efforts he was making in his line and hoped for full co-operation. Charles Fawcett, shipping clerk declared he would always be on deck to do his share.

Other speakers and their sentiments were:

Loyal Sentiments.
Fred Moulton—"The youngest salesman on the road for the house."

George Murphy—"An Irish Jew selling clothing for a Protestant house."

Dan A. Fultz—"How to get the Capps goods into large cities."

H. E. Best—"How to make Kansas men buy Capps' clothes."

Percy G. Capps—"The relation between shooting deer in Texas and selling Capps' clothing in Wisconsin."

S. B. Cameron—"Adjusting complaints."

George A. Smith—"The relations between the merchant and the salesmen."

F. M. Rothholz—"Our guest from Rochester."

Perry Sargent, head salesman—"How to get more business."

Brief remarks were made by S. W. Nichols and W. S. Camp of the press; Clarence Reid, Edward Ulrich and Wood Phillips.

DEAN COCHRAN APPOINTED ASSISTANT TEACHER OF VIOLIN

Faculty Committee of Illinois College Makes Announcement—Miss Duncan Instructor in Piano.

At a recent meeting of the faculty committee of the Board of Trustees of Illinois college, Dean Cochran was appointed an assistant in the violin department, and Miss Ruth Duncan, instructor in elementary piano. Both appointments are to take effect at the beginning of the next school year. Mr. Cochran will succeed Miss Alma Forsythe, who has decided to go into concert work. Mr. Cochran is himself a graduate of the Conservatory, and has already been giving instruction on the violin. Miss Duncan is a former student of the college and has also received a teacher's certificate from the Conservatory. During the past few years, in addition to continuing her studies at the conservatory she has had charge of the public school music in Mt. Sterling. Miss Duncan has been unusually successful in her teaching experience. She will succeed Miss Rachel Jewell, who has decided for reasons of health not to teach next year.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Look Mother! If Tongue is Coated Give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out of sorts, half sick, can't rest, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs", and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative", because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."—Advertisement.

EASTER TIME

We have eggs, rabbits and hundreds of other attractive novelties to delight the little folks.

Please step in and see our display.

Oil Your Dirt Roads

Standard Asphalt Road Oil will lay the dust and build up your roads. An oiled road is far superior to a paved street.

Oil Your Brick Pavement

Non-Asphaltic Road Oil on your brick pavement kills all germs and settles the dust for the entire season. As cheap as water sprinkling and far better. Let us settle your dust problem before the dust gets here.

Furniture and Furnishings as Good as if Government Inspected

No test of Quality could be made so strong that these Furnishings would weaken under it or fall short of meeting the supreme trial for lifetime service—it is good enough to bear rigid Government inspection in every vital part. Better than last year's "best" here—and that is saying much to you who know this store.

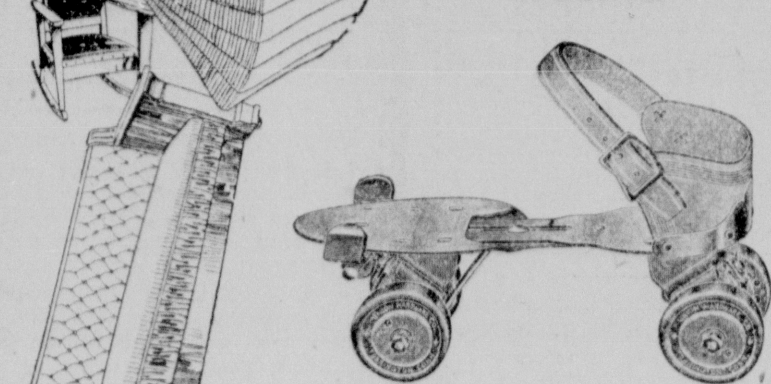

No test of comparison can be made and fail to reveal the economy of our prices. We invite it cheerfully—for your satisfaction and for ours.
